

**UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington, D.C. 20549  
Form 6-K  
REPORT OF FOREIGN PRIVATE ISSUER  
PURSUANT TO RULE 13a-16 OR 15d-16 UNDER  
THE SECURITIES EXCHANGE ACT OF 1934**

For the month of November 2025

**LG Display Co., Ltd.**

(Translation of Registrant's name into English)

LG Twin Towers, 128 Yeoui-daero, Yeongdeungpo-gu, Seoul 07336, Republic of Korea  
(Address of principal executive offices)

Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F.

Form 20-F      X              Form 40-F          

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):       

Note: Regulation S-T Rule 101(b)(1) only permits the submission in paper of a Form 6-K if submitted solely to provide an attached annual report to security holders.

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):       

Note: Regulation S-T Rule 101(b)(7) only permits the submission in paper of a Form 6-K if submission to furnish a report or other document that the registration foreign private issuer must furnish and make public under the laws of the jurisdiction in which the registrant is incorporated, domiciled or legally organized (the registrant's "home country"), or under the rules of the home country exchange on which the registrant's securities are traded, as long as the report or other document is not a press release, is not required to be and has not been distributed to the registrant's security holders, and if discussing a material event, has already been the subject of a Form 6-K submission or other Commission filing on EDGAR.

Indicate by check mark whether by furnishing the information contained in this Form, the registrant is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes                   No      X

## QUARTERLY REPORT

(From January 1, 2025 to September 30, 2025)

THIS IS A TRANSLATION OF THE SEMI-ANNUAL REPORT ORIGINALLY PREPARED IN KOREAN AND IS IN SUCH FORM AS REQUIRED BY THE KOREAN FINANCIAL SUPERVISORY COMMISSION.

IN THE TRANSLATION PROCESS, SOME PARTS OF THE REPORT WERE REFORMATTED, REARRANGED OR SUMMARIZED AND CERTAIN NUMBERS WERE ROUNDED FOR THE CONVENIENCE OF READERS. REFERENCES TO “Q1”, “Q2”, “Q3” AND “Q4” OF A FISCAL YEAR ARE REFERENCES TO THE THREE-MONTH PERIODS ENDED MARCH 31, JUNE 30, SEPTEMBER 30 AND DECEMBER 31, RESPECTIVELY, OF SUCH FISCAL YEAR. REFERENCES TO “Q1~Q3” OF A FISCAL YEAR ARE REFERENCES TO THE NINE-MONTH PERIOD ENDED SEPTEMBER 30 OF SUCH FISCAL YEAR. REFERENCES TO “₩” ARE REFERENCES TO THE KOREAN WON.

UNLESS EXPRESSLY STATED OTHERWISE, ALL INFORMATION CONTAINED HEREIN IS PRESENTED ON A CONSOLIDATED BASIS IN ACCORDANCE WITH KOREAN INTERNATIONAL FINANCIAL REPORTING STANDARDS, OR K-IFRS, WHICH DIFFER IN CERTAIN RESPECTS FROM GENERALLY ACCEPTED ACCOUNTING PRINCIPLES IN CERTAIN OTHER COUNTRIES, INCLUDING THE UNITED STATES. K-IFRS ALSO DIFFERS IN CERTAIN RESPECTS FROM THE INTERNATIONAL FINANCIAL REPORTING STANDARDS AS ISSUED BY THE INTERNATIONAL ACCOUNTING STANDARDS BOARD. WE HAVE MADE NO ATTEMPT TO IDENTIFY OR QUANTIFY THE IMPACT OF THESE DIFFERENCES IN THIS DOCUMENT.

## 1. Company

### A. Name and contact information

The name of our company is “EL-GI DISPLAY CHUSIK HOESA,” which shall be “LG Display Co., Ltd.” in English.

Our principal executive office is located at LG Twin Towers, 128 Yeoui-daero, Yeongdeungpo-gu, Seoul 07336, Republic of Korea, and our telephone number is +82-2-3777-1010. Our website address is <http://www.lgdisplay.com>.

### B. Credit rating

This information is omitted in quarterly reports in accordance with Korean disclosure rules, and we plan to include such information in our semi-annual and annual reports.

### C. Capitalization

#### (1) Change in capital stock (as of September 30, 2025)

(Unit: Won, Shares)

Date of Issuance	Method of Issuance	Details of the Shares Issued				Remarks
		Type	Number of Shares	Par value per Share	Offering price per Share	
March 15, 2024	Paid-in capital increase (share rights offering to existing shareholders)	Common shares	142,184,300	₩ 5,000	₩ 9,090	Ratio of paid-in capital increase: 39.74%

#### (2) Convertible bonds (as of September 30, 2025)

We have no outstanding convertible bonds as of September 30, 2025.

### D. Voting rights

This information is omitted in quarterly reports in accordance with Korean disclosure rules, and we plan to include such information in our semi-annual and annual reports.

## E. Dividends

### Dividends for the three most recent fiscal years

Description (unit)	2025 Q1~Q3	2024	2023
Par value (Won)	5,000	5,000	5,000
Profit (loss) for the year (million Won) <sup>(1)</sup>	582,429	(2,562,606)	(2,733,742)
Earnings (loss) per share (Won) <sup>(2)(3)</sup>	1,165	(5,438)	(7,177)
Total cash dividend amount for the period (million Won)	-	-	-
Total stock dividend amount for the period (million Won)	-	-	-
Cash dividend payout ratio (%)	-	-	-
Cash dividend yield (%)			
Common shares	-	-	-
Preferred shares	-	-	-
Stock dividend yield (%)			
Common shares	-	-	-
Preferred shares	-	-	-
Cash dividend per share (Won)			
Common shares	-	-	-
Preferred shares	-	-	-
Stock dividend per share (share)			
Common shares	-	-	-
Preferred shares	-	-	-

(1) Based on profit for the year attributable to the owners of the controlling company.

(2) Earnings per share is based on par value of ₩5,000 per share and is calculated by dividing net income by weighted average number of common shares.

(3) The number of outstanding common shares has increased due to our paid-in capital increase in the first quarter of 2024. The basic earnings (loss) per share and diluted earnings (loss) per share for the years ended December 31, 2023 have been adjusted in consideration of the bonus element in a rights issue to our existing shareholders during the first quarter of 2024.

### Historical dividend information

Number of consecutive years of dividends <sup>(1)</sup>		Average Dividend Yield <sup>(1)</sup>	
Interim dividends	Annual dividends	Last 3 years	Last 5 years
—	—	—	0.56

(1) The average dividend yield is calculated using the simple arithmetic average method, including the fiscal years in which no dividend was paid (dividends were paid with respect to fiscal year 2021 only based on the dividend resolution date).

## F. Matters relating to Articles of Incorporation

This information is omitted in quarterly reports in accordance with Korean disclosure rules, and we plan to include such information in our semi-annual and annual reports.

## 2. Business

### A. Business overview

We were incorporated in February 1985 under the laws of the Republic of Korea. LG Electronics and LG Semicon transferred their respective LCD business to us in 1998, and since then, our business has been focused on the research, development, manufacture and sale of products that apply display technologies such as OLED and TFT-LCD. Sorting by major sales product category, television, IT products, mobile and other products, and “auto” products (comprising automotive display products) accounted for 19%, 37%, 35% and 9% of our total sales, respectively, in the first three quarters of 2025. Our customers primarily consist of global set makers, and our top ten customers comprised 91% of our total sales revenue in the first three quarters of 2025. As a company focused on exports, our overseas sales accounted for approximately 96% of our total sales in the first three quarters of 2025. We have overseas sales subsidiaries located in the United States, Germany, Japan, Taiwan, China and Singapore.

We operate key production facilities in Korea, China and Vietnam, and our cumulative annual production capacity for the first three quarters of 2025 was approximately 3.4 million glass sheets, as converted into eighth-generation sheets (2200x2500mm). In order to expand our production capacity of differentiated and competitive products such as OLED panels, our total capital expenditures on a cash out basis was around ₩2.2 trillion in 2024. In 2025, we plan to reduce our capital expenditures to the upper ₩1 trillion range, representing a decrease from the previous year.

The major raw materials for display panel production include glass, semiconductors, polarizers, organic matter, backlight units (“BLU”) and printed circuit boards (“PCB”), and the prices of our raw materials may fluctuate as a result of supply and demand in the market as well as changes in our purchase quantity.

The display industry to which we belong is highly affected by the global economic conditions. Given the characteristics of the display business, which requires large-scale investments, display panel prices may fluctuate due to an imbalance between supply and demand, which may affect our profitability. The sales performance of industry players is differentiated by not only the production capacity of each company but also other competitive differences arising from factors including technology, cost structure, product development capability, manufacturing efficiency, quality control and customer relationships, along with the price differentiation incorporating such factors. In addition, given the high proportion of our sales overseas, our sales of display panels are denominated mainly in U.S. dollars whereas our purchases of raw materials are denominated mainly in U.S. dollars, Japanese Yen and Chinese Yuan. Accordingly, our profit margins may be affected by changes in the exchange rates between the currencies. We strive to minimize the risk relating to foreign currency denominated assets, liabilities and operating cash flow due to exchange rate fluctuations.

Our research and development expenses represent approximately 9% of our sales, and we are continually creating customer value through systematic R&D activities for new products and technologies. Leveraging our competitive R&D activities, we are leading the display market by providing differentiated values in display panel products utilizing our OLED and TFT-LCD technologies for various uses including television, IT, mobile products and automobiles.

### Consolidated operating results highlights

(Unit: In billions of Won)

	2025 Q1~Q3	2024	2023
Sales Revenue	18,609	26,615	21,331
Gross Profit	2,391	2,575	345
Operating Profit (loss)	348	(561)	(2,510)
Total Assets	28,713	32,860	35,759
Total Liabilities	20,798	24,787	26,989

### B. Industry

#### (1) Industry characteristics

- From the supply perspective, the display panel industry is technology- and capital-intensive in nature and requires mass production through achieving an economy of scale.
- From the demand perspective, the display panel industry tends to demonstrate a high level of volatility depending on the global macroeconomic conditions, major regional sales events and/or seasonal factors.
- Though the display panel industry is currently facing risks of decreased consumption of related goods in the business-to-consumer sector and reduced investor confidence in the business-to-business sector due to ongoing

uncertainty in the global macroeconomic environment, there are continued opportunities in the display market to meet changes in consumer lifestyle and specific consumer needs in the mid- to long-term.

- In the market for television display panels, new opportunities from the growth of the ultra-large TV market are expected to arise with the increase of video content (including over-the-top services) and expanding uses of television (such as playing video games).
- In the market for traditional IT products such as notebook and desktop monitors, growth opportunities for new offerings such as gaming products, portable products and AI-integrated technology are expected to increase driven by lifestyle changes.
- The growth in the market for smartphone products continues to be concentrated around high value-added products using plastic OLED display panels that offer superior performance through diversification of form factors, low-power consumption and high resolution, in light of the increased use of smartphones for mobile contents and gaming purposes.
- In the market for automotive display panels, display panels are increasingly being used in light of the expanded adoption of in-vehicle infotainment systems, and the market is continuing to demonstrate qualitative growth as the demand for larger and higher-resolution display panels continue to increase.
- As the market for LCD panel-based products has reached a maturity stage, the growing adoption of OLED panels across various segments, driven by their differentiated advantages, is expected to create new opportunities.

## (2) Growth Potential

The display panel industry is expected to continue to grow, as the essential role of display products as a key device for information and communication in daily lives of individuals as well as for industrial purposes becomes more pronounced. We are strengthening our business competitiveness based on customer value and developing new markets under our strategic plan to transition our business to center around OLED, which has a strong growth potential within the display panel industry. With respect to large-sized display panels, we are focusing on expanding the OLED market through differentiated products and technology, such as META technology, which offers high-resolution and high-luminance, as well as strengthening business with new customers. We are also leading the expansion into new product areas, such as gaming display panels. In the medium-sized display panel business, we are increasing the proportion of premium products such as high resolution and wide screen products based on IPS and oxide technologies, and we are also increasing the use of OLED panels in IT products to improve power consumption and provide differentiated form factors. In the small-sized display panel business, we have secured high value-added and differentiated technology and stable operating capabilities for 6th generation plastic OLED smartphone displays, while also expanding our customer base in the automotive display panels business by providing optimized display solutions featuring high resolution, high refresh rates and high luminance, based on a diverse portfolio of premium products including plastic OLED, advanced thin OLED and LTPS LCD panels. We are also in the process of proactively preparing the technology to respond to new market opportunities for ultra-small-sized displays, including those in relation to augmented reality and virtual reality uses.

## (3) Cyclicity

- The display panel business is characterized by being highly cyclical and sensitive to fluctuations in the general economy. The industry may experience volatility caused by imbalances between supply and demand due to changes in capital expenditure levels and adjustments in production utilization rates within the industry.
- Macroeconomic factors and other causes of business cycles can affect demand for display panels. Accordingly, if supply exceeds demand, average selling prices of display panels may decrease. Conversely, if market demand outpaces supply, average selling prices may increase.

## (4) Market conditions

- Most display panel manufacturers are located in Asia as set forth below. Chinese panel manufacturers are expanding their dominance in the TFT-LCD sector through aggressive investments in, and acquisitions of, production facilities. In response, Korean panel manufacturers are continuing their efforts to maintain their market leadership and differentiate themselves by transitioning their business focus to OLED products and enhancing their TFT-LCD technology.

- a. Korea: LG Display, Samsung Display, etc.
  - b. Taiwan: AUO Corporation, Innolux, etc.
  - c. Japan: Japan Display, Sharp, etc.
  - d. China: BOE, CSOT, HKC, etc.
- Our worldwide market share of large-sized display panels (i.e., panels that are 9 inches or larger) based on revenue is as follows:

	2025 Q1~Q3	2024	2023
Panels for Televisions <sup>(1)(2)</sup>	10.3%	14.1%	12.5%
Panels for IT Products <sup>(1)</sup>	15.7%	19.1%	18.6%
Total <sup>(1)</sup>	12.5%	15.7%	14.6%

(1) Source: *Large Area Display Market Tracker (OMDIA)*. Data for 2025 Q1~Q3 are based on OMDIA's estimates, as actual results for 2025 Q3 have not yet been made available as of the date of this report.

(2) Includes panels for public displays.

#### (5) Competitiveness and competitive advantages

- Our ability to compete successfully depends on factors both within and outside our control, including the development of new and premium products through technological advances, timely investments that achieve profitability, maintaining flexible product portfolio and production facility operations responsive to market conditions, price of our products, competitive production costs, productivity enhancement, our relationship with customers, success in marketing to our end-brand customers, competitive environment and economic conditions within the industry, and foreign exchange rates.
- In order for us to compete effectively, it is critical to offer differentiated products that enable us to secure profit margins even during times of a mismatch in the market supply and demand, to be price- and cost-competitive and to maintain stable relationships with customers.
- A substantial portion of our sales is attributable to a limited number of end-brand customers and their designated system integrators. As such, it is important to build a sustained relationship with such customers.
- Developing new products and technologies that can be differentiated from those of our competitors is critical to the success of our business. It is important that we take active measures to protect our intellectual property internationally. It is also necessary to recruit and retain experienced key managerial personnel and skilled line operators.
- As a leading technology innovator in the display industry, we continue to focus on delivering differentiated value to our customers by developing various technologies and products, including display panels with WOLED/POLED, IPS, Oxide, in-TOUCH, Tandem and other technologies. With respect to OLED panels, following our supply of the world's first 55-inch OLED panels for televisions in 2013, we have continued to achieve ongoing technological innovation by continuing to enhance the performance of our products and to offer differentiated large-sized OLED products such as our large-sized gaming OLED products and those incorporating our META technology. Moreover, we have continually introduced and expanded our high value-added plastic OLED products for smartphones, smartwatches and automotive products, along with our advanced thin OLED products, among others. With respect to TFT-LCD panels, we are leading the market with our competitive advantages in technology, including through our IPS, Oxide and LTPS technology-based desktop and notebook monitors featuring high resolutions, differentiated designs and high frequency refresh rates, and specialized products for automotive, commercial and medical uses. Our production facilities are also equipped to produce products incorporating in-TOUCH technology.
- Moreover, we are maintaining and strengthening close long-term partnerships with major global firms to secure customers and expand relationships for technology development.

C. New businesses

For our continued growth, we are actively exploring and preparing for new business opportunities in response to the changing market environment. As such, we are continually reviewing and looking at opportunities in the display and promising new industries.

D. Customer-oriented marketing activities

Through engaging in detailed analysis and acquiring insight on the market and industry conditions, technology, products and end-user consumers, we seek to provide differentiated values that are customer- and consumer-friendly. In addition, we engage in activities that are geared to proactively identify and offer meaningful benefits to customers and consumers. As a result, we are continually developing products that provide differentiated values using our technologies. At the same time, we strive to create new markets and mutually benefit our business and our customers by obtaining customer trust and satisfaction through our customer- and consumer-oriented marketing activities.

### 3. Major Products and Raw Materials

#### A. Major products

We manufacture OLED and TFT-LCD panels, of which a significant majority is sold overseas.

(Unit: In billions of Won, except percentages)

Business area	Sales type	Items (By product)	Usage	Major trademark	2025 Q1~Q3	
					Sales Revenue	Percentages (%)
Display	Goods/Products/ Services/ Other sales	Televisions	Panels for televisions	LG Display	3,546	19.1%
		IT products	Panels for monitors, notebook computers and tablets	LG Display	6,949	37.3%
		Mobile, etc.	Panels for smartphones, smartwatches, etc.	LG Display	6,489	34.9%
		Auto products	Panels for automobiles	LG Display	1,625	8.7%
Total					18,609	100.0%

#### B. Average selling price trend of major products

The average selling prices of display panels are subject to change based on market conditions and demand by product category. The average selling price of display panels per square meter of net display area shipped in the third quarter of 2025 was USD 1,365, representing an increase from the previous quarter, primarily due to a seasonal increase in production of small- and medium-sized OLED products, which typically have higher average selling prices per square meter. The average selling prices of display panels per square meter of net display area may continually fluctuate in the future due to changes in market conditions, demand trends and our product mix.

(Unit: US\$ / m<sup>2</sup>)

Period	Average Selling Price <sup>(1)(2)</sup> (in US\$ / m <sup>2</sup> )
2025 Q3	1,365
2025 Q2	1,056
2025 Q1	804
2024 Q4	873
2024 Q3	825
2024 Q2	779
2024 Q1	782
2023 Q4	1,064
2023 Q3	804
2023 Q2	803
2023 Q1	850

(1) Quarterly average selling price per square meter of net display area shipped.

(2) Excludes semi-finished products in the cell process.

### C. Major raw materials

Prices of major raw materials depend on fluctuations in supply and demand in the market as well as on changes in size and quantity of raw materials due to the increased production of large-sized panels.

(Unit: In billions of Won, except percentages)

Business area	Purchase type	Items	Usage	Cost <sup>(1)</sup>	Ratio (%)	Suppliers <sup>(2)</sup>
Display	Raw materials	PCB	Display panel manufacturing	651	9.1%	Youngpoong Electronics Co., Ltd., etc.
		Polarizers		1,155	16.1%	Dongwoo Fine-Chem Co., Ltd., etc.
		BLU		561	7.8%	Heesung Electronics LTD., etc.
		Glass		310	4.3%	Paju Electric Glass Co., Ltd., etc.
		Drive IC		526	7.3%	LX Semicon, etc.
		Others		3,977	55.4%	-
Total				7,180	100.0%	

- Period: January 1, 2025 ~ September 30, 2025.

(1) Based on total cost for purchase of raw materials which includes manufacturing and development costs, etc.

(2) Among our major suppliers, Paju Electric Glass Co., Ltd. is our affiliate and LX Semicon is an affiliate of LX Holdings Corp.

- The market prices of main raw materials for display panels fluctuate depending on the global market conditions of raw materials and demand by product segment.
- The market price of polarizers, which is a main raw material for display panels, decreased by 5% as of September 30, 2025 compared to the end of the previous year.
- The market prices of PCB, drive IC and BLU, decreased by 2%, 4% and 3%, respectively, as of September 30, 2025, compared to the end of the previous year.
- Although the global economy in 2025 continues to face a slowdown amid trade conflicts and geopolitical uncertainties, we aim to optimize our raw material costs compared to the previous year through an improvement in the balance of market supply and demand in the raw materials market and our efforts to strengthen our raw material cost competitiveness. The prices of raw materials may continue to fluctuate in light of changes in the market conditions of such materials.

## 4. Production and Equipment

### A. Production capacity and output

#### (1) Production capacity

The table below sets forth the production capacity of our Gumi, Paju and Guangzhou facilities in the periods indicated.

(Unit: 1,000 glass sheets)

Business area	Items	Location of facilities	2025 Q1~Q3 <sup>(1)</sup>	2024 <sup>(1)</sup>	2023 <sup>(1)</sup>
Display	Display panel, etc.	Gumi, Paju, Guangzhou	3,425	6,573	5,223

(1) Calculated based on the maximum monthly input capacity (based on glass input substrate size for eighth-generation glass sheets) during the year multiplied by the number of months in a given period. The production capacity for facilities with adjusted utilization rates have been calculated based on the maximum input capacity during the period.

## (2) Production output

The table below sets forth the production output of our Gumi, Paju and Guangzhou facilities in the periods indicated.

(Unit: 1,000 glass sheets)

Business area	Items	Location of facilities	2025 Q1~Q3 <sup>(1)</sup>	2024 <sup>(1)</sup>	2023 <sup>(1)</sup>
Display	Display panel, etc.	Gumi, Paju, Guangzhou	3,118	5,656	4,256

(1) Based on the production results (input standard) of each plant converted into eighth-generation glass sheets.

## B. Production performance and utilization ratio

(Unit: Hours, except percentages)

Production facilities	Available working hours in 2025 Q1~Q3	Actual working hours in 2025 Q1~Q3	Average utilization ratio
Gumi	6,552 <sup>(1)</sup> (24 hours x 273 days)	6,528 <sup>(1)</sup> (24 hours x 272 days)	99.6%
Paju	6,552 <sup>(1)</sup> (24 hours x 273 days)	6,552 <sup>(1)</sup> (24 hours x 273 days)	100.0%
Guangzhou	6,552 <sup>(1)</sup> (24 hours x 273 days)	6,552 <sup>(1)</sup> (24 hours x 273 days)	100.0%

(1) Number of days is calculated by averaging the number of working days for each facility.

## C. Investment plan

In 2024, our total capital expenditures on a cash out basis was around ₩2.2 trillion. In 2025, we plan to reduce our capital expenditures to the upper ₩1 trillion range, representing a decrease from the previous year. On June 17, 2025, we announced new investments related to OLED technology and infrastructure, the details of which are set forth below.

Filing date	Title of disclosure	Details of disclosure	Current progress of investment
June 17, 2025	New Facility Investment, etc.	<b>1. Investment target:</b> OLED production facilities <b>2. Investment amount:</b> ₩1.3 trillion <b>3. Purpose:</b> To secure future technological competitiveness through timely preparation for new OLED technologies and infrastructure investments <b>4. Investment period:</b> 3Q 2025 – 2Q 2027	Approval for the investment concerning new OLED technologies and infrastructure was completed on June 17, 2025, and the investment is scheduled to proceed through the second quarter of 2027.

## 5. Sales

### A. Sales performance

(Unit: In billions of Won)

Business area	Sales types	Items (Market)	2025 Q1~Q3	2024	2023
Display	Products	Overseas <sup>(1)</sup>	17,711	25,496	20,634
		Korea <sup>(1)</sup>	706	960	620
		Total	18,417	26,456	21,254
	Royalty	Overseas <sup>(1)</sup>	100	61	16
		Korea <sup>(1)</sup>	0	0	0
		Total	100	61	16
	Others	Overseas <sup>(1)</sup>	63	52	46
		Korea <sup>(1)</sup>	29	47	14
		Total	92	99	60
	Total	Overseas <sup>(1)</sup>	17,874	25,609	20,696
		Korea <sup>(1)</sup>	735	1,007	634
		Total	18,609	26,616	21,330

(1) Based on ship-to-party.

### B. Sales organization and sales route

- As of September 30, 2025, each of our television, IT, mobile and auto product businesses had individual sales and customer support functions.
- Sales subsidiaries in the United States, Germany, Japan, Taiwan, China and Singapore perform sales activities and provide local technical support to customers.
- Sales of our products take place through one of the following two routes:
  - 1) LG Display Headquarters and overseas manufacturing subsidiaries → Overseas sales subsidiaries (USA/Germany/Japan/Taiwan/China/Singapore), etc. → System integrators and end-brand customers → End users
  - 2) LG Display Headquarters and overseas manufacturing subsidiaries → System integrators and end-brand customers → End users

- Sales performance by sales route

Sales performance	Sales route <sup>(1)</sup>	Ratio
Overseas	Overseas subsidiaries	98.2%
	Headquarters	1.8%
Overseas sales portion (overseas sales / total sales)		96.1%
Korea	Overseas subsidiaries	19.5%
	Headquarters	80.5%
Korea sales portion (Korea sales / total sales)		3.9%

(1) Percentage by sales route is based on revenue from the Display business segment.

### C. Sales methods and sales terms

- Direct sales and sales through overseas subsidiaries, etc. Sales terms are subject to change depending on the fluctuation in the supply and demand.

#### D. Sales strategy

- With respect to television display products, we are strengthening our competitive advantages in the premium television display market by enhancing the performance of our OLED television display panels and advancing both product and technology sophistication levels. Furthermore, we are working towards strengthening our business portfolio and reinforcing consumer values through new growth businesses such as gaming and transparent products.
- With respect to IT display products, we are continually strengthening the sales of high-resolution, IPS, narrow bezel and other high-end display panels with major global IT product manufacturers as our primary customer base.
- With respect to mobile and other products (a wide range of products including smartphones, smartwatches and industrial products (including aviation and medical equipment, among others)), we are continuing to build a strong and diversified business portfolio and expand our global customer base by leveraging the strength of our differentiated technology and products such as OLED, narrow bezel, low-power consumption and thin and light features.
- With respect to automotive display products, our business is steadily growing on the back of stable orders secured through our ability to deliver differentiated value to global automobile manufacturers leveraging our diversified technology and product portfolio that includes plastic OLED, advanced thin OLED and LTPS LCD panels.

#### E. Major customers

- Customers “A” and “B” each accounted for more than 10% of our sales revenue in the first three quarters of 2025. Our sales revenue derived from our top ten customers comprised 91% of our total sales revenue in the first three quarters of 2025 and 89% in the first three quarters of 2024.

### 6. Purchase Orders

- We supply some of our products in accordance with the production plans of automobile manufacturers. However, the volume of our supply is subject to fluctuation depending on the customers’ actual order volume and future market conditions, and it is not possible to accurately predict the changes in demand resulting from changes in the domestic and global economic environment. Moreover, as of September 30, 2025, we do not have purchase order contracts that recognize revenue by measuring progress towards satisfaction of performance obligation by using the cost-based input method.

### 7. Risk Management and Derivative Contracts

#### A. Risk management

##### (1) Major market risks

Our business is exposed to credit risk, liquidity risk and market risk. Accordingly, we operate a risk management system that identifies and analyzes these risks while monitoring and managing risk level by establishing appropriate risk controls in order to ensure that such risks do not exceed certain threshold levels.

See Note 24 to our interim consolidated financial statements attached hereto for more information regarding our exposure to each of the risks listed above.

##### (2) Risk management method

In order to manage our risk against foreign currency fluctuations, we eliminate such risk by adopting a policy of maintaining our net exposure risk within an acceptable level by buying or selling foreign currencies at spot rates, when necessary, to address short-term imbalances in the inflow and outflow of foreign currency funds. We also continually monitor our currency position and risk for other monetary assets and liabilities denominated in foreign currencies, and when needed, we may from time to time enter into cross-currency interest rate swap contracts and foreign currency forward contracts. Furthermore, we have adopted a policy aimed at minimizing uncertainty and financial costs arising from interest rate fluctuations and manage our interest rate risk through periodic monitoring of interest rate trends and adoption of appropriate countermeasures.

## B. Derivative contracts

### (1) Currency risks

- We are exposed to currency risks on sales, purchases and borrowings that are denominated in currencies other than in Won, our functional currency. These currencies are primarily the U.S. dollar and the Japanese Yen.
- Interest on borrowings is denominated in the currency of the borrowing. Generally, borrowings are denominated in currencies that match the cash flows generated by our underlying operations, primarily in Won, the U.S. dollar and the Chinese Yuan.
- As of the end of the reporting period, in order to avoid risks of exchange rate fluctuations on the fair value of advance received, we entered into an aggregate of USD 1,740 million, CNY 700 million cross currency interest swap agreements with Shinhan Bank and others, for which we have not applied hedge accounting. Any rights or obligations arising from derivative contracts that do not apply hedge accounting are measured at fair value and are accounted for as assets and liabilities, whereas any resulting valuation gain or loss is recognized as profit or loss at the time such valuation gain or loss is incurred. We recognized a loss on valuation of derivative instruments in the amount of ₩179 billion with respect to the above foreign exchange derivative instruments held during the reporting period.

### (2) Interest rate risks

- Our exposure to interest rate risks relates primarily to our floating rate long term loan obligations. We have established and are managing interest rate risk policies to minimize uncertainty and costs associated with interest rate fluctuations by monitoring cyclical interest rate fluctuations and enacting countermeasures.
- As of the end of the reporting period, we entered into an aggregate of ₩2,305 billion in interest rate swap agreements with KEB Hana Bank and others, for which we have not applied hedge accounting. We recognized a gain on valuation of derivative instruments in the amount of ₩5 billion and a loss on valuation of derivative instruments in the amount of ₩3 billion with respect to our interest rate derivative instruments held during the reporting period.

## 8. Major Contracts

Our material contracts, other than contracts entered into in the ordinary course of business, are set forth below:

Type of agreement	Name of party	Term	Content
Technology licensing/ supply agreement	Hewlett-Packard	January 2011 ~	Patent licensing of semi-conductor device technology
	Ignis Innovation, Inc.	July 2016 ~	Patent licensing of OLED related technology
	HannStar Display Corporation	December 2013 ~	Patent cross-licensing of LCD technology
	AUO Corporation	August 2011 ~	Patent cross-licensing of LCD technology
	Innolux Corporation	July 2012 ~	Patent cross-licensing of LCD technology
	Universal Display Corporation	January 2015 ~ December 2025	Patent licensing of OLED related technology
	Semiconductor Energy Laboratory	January 2021 ~ December 2030	Patent licensing of LCD and OLED related technology
	LG Innotek Co., Ltd.	Date of contract: December 23, 2022 Term: December 26, 2022 ~ December 31, 2027	Lease of idle real estate property for rental income (the contract amount and other details are not disclosed in accordance with a non-disclosure agreement)
Real estate/others	LG Uplus Corp.	Date of contract: May 14, 2024	Sale of real estate property to enhance asset efficiency (for details, please refer to the Form 6-K furnished to the SEC on April 25, 2024)

## 9. Research & Development (“R&D”)

### A. Summary of R&D-related expenditures

(Unit: In millions of Won, except percentages)

Items	2025 Q1~Q3	2024	2023
R&D Expenditures (prior to deducting governmental subsidies)	1,668,557	2,237,403	2,399,513
Governmental Subsidies	(347)	(705)	(718)
Net R&D-Related Expenditures	1,668,210	2,236,698	2,398,795
Accounting Treatment <sup>(1)</sup> R&D Expenses	1,217,738	1,687,315	1,906,616
Development Cost (Intangible Assets)	450,472	549,383	492,179
R&D-Related Expenditures / Revenue Ratio <sup>(2)</sup> (Total R&D-Related Expenditures ÷ Revenue for the period × 100)	9.0%	8.4%	11.2%

(1) For accounting treatment purposes, R&D expenses are presented as research and development expenses in our statements of comprehensive income, net of amortization of capitalized intangible asset development costs.

(2) Calculated based on the R&D-related expenditures before subtracting government subsidies (state subsidies).

## B. R&D achievements

### *Achievements in 2023*

- (1) Developed the world's first small- and medium-sized transparent WOLED product (30" HD)
  - Expanded market coverage with the development of a new product size (30") for transparent small- and medium-sized display
  - Strengthened market leadership through achieving a transparency rate of 45% and increased luminance (600/200 nit)
- (2) Introduced the world's first foldable pen touch notebook (17")
  - Developed OLED panel for notebooks utilizing differentiated technologies such as the tandem OLED and a special folding structure
- (3) Developed the world's first Gaming OLED 240Hz monitor product (39", 34")
  - Applied high-speed (240Hz), fast response time (0.03ms), high-luminance (275 nit @APL 100%) and curved (800R) OLED technology
  - Provided ultra-wide (21:9 aspect ratio) full-size OLED Gaming monitor product (initially provided in 45" and expanded further to provide 39" and 34" products)

### *Achievements in 2024*

- (1) Developed the world's first Gaming DFR product (31.5")
  - Optimized display through applying DFR (Dynamic Frequency & Resolution) technology, which enables the implementation of high resolution (UHD 240Hz) and high refresh rate (FHD 480 Hz) on a single display panel
  - Maximized sound effects by applying d-TAS (Display Thin Accurator)
- (2) Developed the world's first Gaming OLED QHD 480Hz monitor product (27")
  - Provided optimal gaming environment with the development of the world's first OLED QHD 480Hz high refresh rate monitor product
- (3) Developed our first ATO-based notebook panel (13.4")
  - Developed Slim & Light product (1.16t / 162g) through the application of advanced thin OLED structure
  - Developed high-efficiency OLED notebook panel product (SDR 400nit / HDR 500nit) utilizing Tandem OLED technology
  - Became our first notebook panel model to apply Touch on Encap technology
- (4) Developed our first Dual Resolution Gaming monitor product (27")
  - Expanded the gaming monitor market and provided differentiated user experience by implementing the Dual Resolution feature
  - Enabled the use of a single monitor for both fast-paced (FHD 330Hz) games and high-resolution (UHD 165Hz) games
    - \* Dual Resolution : UHD 165Hz ↔ FHD 330Hz
- (5) Developed next-generation Micro LED display product (22.3")
  - Provided a large-screen and high-resolution, new user experience through Active Matrix Micro LED transfer technology, panel technology, compensation technology and mechanical technology
    - 1) 22.3" Module for 136" 4K business-to-consumer products
    - 2) 22.3" Module for infinitely expandable business-to-business products
- (6) Developed the world's first ultra-large high resolution transparent OLED display product (77")
  - Developed new television models and lifestyle solutions with ultra-large, high-resolution displays with 45% transparency
- (7) Developed the world's first large-sized WOLED product based on 4-Stack technology (83/77/65/55/48" 4K television displays)
  - Strengthened the competitiveness of our WOLED flagship models by applying the 4-Stack technology to large-sized WOLED display panels for the first time in the industry
  - Improved customer value by delivering premium picture quality (luminance, color reproduction, and high-speed) while enhancing cost competitiveness

- Established a foundation for market expansion by strengthening the potential to expand into the new high-end monitor market

#### *Achievements in 2025*

- (1) Developed the world's first 45WUHD 165Hz Gaming OLED product
  - Optimized display based on intended use through applying DFR (Dynamic Frequency & Resolution) technology, which enables the implementation of high resolution (WUHD 165Hz) and high refresh rate (WFHD 330Hz) on a single display panel
  - Enhanced gaming immersion through the application of an 800R Curved display
- (2) Developed the world's first medium-sized OLED notebook panel product based on low-temperature polycrystalline oxide ("LTPO") and Tandem technology (14")
  - Developed Tandem OLED product with low power consumption and variable refresh rate based on LTPO technology
  - Developed a medium-sized OLED display product with low power consumption to lead the high-end notebook computers market
- (3) Developed our first 8.5th-generation large-sized automotive display panel product using oxide technology (38.9")
  - Developed P2P (Pillar-to-Pillar, full dashboard) products for automotive applications using new oxide semiconductor technology to ensure high reliability
  - Expanded automotive LCD panel production to the 8.5th-generation line in addition to the existing 6th-generation line

## **10. Intellectual Property**

As of September 30, 2025, our cumulative patent portfolio (including patents that have already expired) included 31,163 patents in Korea and 38,108 patents in other countries. In 2025, we registered 1,335 patents in Korea and 1,674 patents in other countries.

## **11. Environmental and Safety Matters**

In order to minimize the environmental impact of our business activities, we are actively responding to environmental regulations applicable to our products and business sites.

### **A. Business environment management**

We have installed and operate various types of prevention facilities to minimize the emission of environmental pollutants generated in our production process. With respect to air and water pollutants, we set and manage our internal standard at 70% of the permitted levels under the regulatory emission standards. In addition, in order to establish a resource circulation system, we operate a proprietary system to monitor waste from its generation to treatment, have developed waste treatment technology and identified suitable recycling companies to reduce the amount of waste we generate and maximize recycling.

In addition, as we were designated a target company for the greenhouse gas emission trading system in 2015, we allocate and monitor our greenhouse gas emissions every year. In order to continually promote the reduction of greenhouse gas emissions, we have set a medium- to long-term goal to reduce the emission level by continually investing in facility improvements and monitoring our emission levels.

We are subject to a variety of environmental laws and regulations, and operations at our manufacturing plants are subject to regulation and periodic scheduled and unscheduled on-site inspections by the Ministry of Environment and local environmental protection authorities. The primary types of environmental laws applicable to us include the following:

- (1) Environmental pollutant emission regulations: Integrated Control of Pollutant-discharging Facilities Act, Clean Air Conservation Act, Water Quality Conservation Act, Wastes Control Act, Environmental Impact Assessment Act, etc.
- (2) Greenhouse gas emission management: Framework Act on Carbon Neutral and Green Growth to Respond to Climate Crisis, Act on the Allocation and Trading of Greenhouse Gas Emission Permits, etc.

- (3) Other workplace environment management: Chemicals Control Act, Chemicals Registration and Evaluation Act, Soil Environment Conservation Act, etc.

Through the implementation of an environmental and energy management system, we are continuously making efforts to minimize environmental impact and reduce energy usage in all aspects of our business process. Accordingly, we have acquired and currently operate the environmental management system ISO14001 and energy management system ISO 50001 certifications for all of our domestic and overseas production sites. In addition, we have established company-wide safety, healthy, energy and environment management policies and manuals, which are regularly updated based on international standards. We also conduct systematic management of our business process in accordance with international standards through annual follow-up and renewal audits.

We have been participating in the Carbon Disclosure Project (“CDP”), a globally recognized authority on environmental disclosure, and named to the Honors Club in the IT category of the Climate Change Korea Awards for nine consecutive years from 2016 to 2024. Such recognitions reflected our carbon management leadership based on our achievement of a 43% reduction in carbon emissions across our domestic and overseas business sites and the conversion of 39% of our total electricity consumption to renewable energy as of 2024, compared to their 2018 levels. In addition, we were recognized as a top-performing company in the water management category by the CDP Water Security Korea Awards for five consecutive years from 2018 to 2022. In 2023 and 2024, we received a Leadership A- rating in recognition of our excellence in managing water-related environmental impact, including the public disclosure of our mid- to long-term water reuse rate targets and water pollutant discharge levels.

In addition, in recognition of our efforts to improve recycling rates and reduce waste, we were nominated as a leading company with an excellent performance in resource circulation and received a commendation from the Minister of Environment in 2020. In 2022, our Paju and Gumi production facilities earned Gold Zero Waste to Landfill (“ZWTL”) validation and our overseas subsidiary in Nanjing earned Platinum validation. Through our continued efforts to increase recycling rates, our Paju plant earned Platinum ZWTL validation in June 2024, our overseas subsidiary in Guangzhou earned Platinum validation in December 2024 and our Paju and Gumi production facilities earned Platinum validation as of July 2025. In 2022, we introduced a resource recirculation recognition program in accordance with the Korean government’s waste management policy and received circular resource certification on eight types of our discarded trays and vinyl. In 2023, we have obtained quality certification for certain of our recycled items recognized as circular resources, and we plan to continue to promote the resource circulation of our products. We will continue our efforts to reinforce our resource circulation program by minimizing waste and maximizing recycling rate.

We have continued to pursue ESG management activities based on the spirit of “value creation for consumers” and “human-first management,” and we plan to obtain further recognition for our eco-friendly management and share relevant information with the stakeholders.

## B. Product environment management

In order to respond to applicable domestic and overseas environmental regulations, such as the European Union’s Restriction of Hazardous Substances (RoHS) and Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) that restrict the use of certain hazardous substances, we operate a hazardous substance management program that implements a four-step procedure (each such step, a “Gate”) that manages various stages of our production cycle, beginning with the registration process of our business partners up to the mass production stage. In addition, in order to preemptively address four types of phthalate substances that became additionally regulated pursuant to the RoHS in 2016 and officially went into effect on July 22, 2019, we replaced the latent risk elements in advance as well as implemented a more stable management process with respect to such substances. In implementing this process, we collaborated with external agencies to ascertain regulatory trends and establish our response strategy, and we formulated and applied effective management measures through the collaborative efforts of our development, procurement, quality assurance and analysis teams.

- Gate 01 (Business Partner Stage): An audit is conducted prior to the registration of a new business partner (including the inspection of the business partner’s hazardous substance response process)

- Gate 02 (Parts Development Stage): An environmental evaluation of each part under development is conducted (consisting of three stages: (1) document review; (2) XRF test and (3) precision analysis)

- Gate 03 (Product Development Stage): An environmental evaluation of the product model and product labeling are conducted (including RoHS verification)

- Gate 04 (Mass Production Stage): Process management through the periodic testing of mass-produced parts for any hazardous substances (including rate-based tests based on risk assessment)

We operate a “Hazardous Substance Management System for Products” that effectively manages hazardous substances by classifying them into four levels: A-I, A-II, B-I, and B-II. In particular, in addition to substances prohibited by global hazardous substance regulations on products, we have designated substances causing harm to the human body and the environment as Level B

substances. By developing alternative technologies and parts and applying them to our products, we continually strive to achieve a gradual reduction and elimination of non-prohibited hazardous substances.

- Level A-I (Prohibited Substances): Prohibited substances designated under the RoHS regulations (i.e., 10 regulated substances) and those designated by specific customers
- Level A-II (Prohibited Substances): Substances prohibited by regulations and conventions other than those covered under Level A-I and those designated as such by customers
- Level B-I (Substances Subject to Voluntary Reduction): Substances that are being voluntarily replaced over a certain period of time
- Level B-II (Substances Under Observation): Substances that are not currently banned, but are expected to become prohibited in the future

Moreover, we participated in reforming IEC 62321, an international testing standard published by the International Electrotechnical Commission and used by RoHS, and the commission adopted our halogen-free combustion ion chromatography method in as IEC 62321-3-2, which was published in June 2013.

In 2017, we became the first display panel company to receive the SGS Eco Label accreditation for OLED television display modules from SGS, a global product testing/accreditation agency, and have since continually received such accreditation. In 2024, such accreditation has been updated to “SGS EEPs accreditation.” In 2022, we expanded our accreditation program to cover display modules for monitors, notebook computers, tablets and automobiles, as a result of which our display modules for monitors and notebook computers received SGS Eco Label accreditation for the first time and our automotive display module became the first in the industry to receive the same accreditation for its excellence in energy efficiency, and we have since maintained the SGS Eco Label for such products. In 2023, our high-end LCD panels for 16-inch notebooks and 27-inch monitors, in which we incorporated recycled materials for the first time, received the SGS Eco Label accreditation. In addition, our 30-inch and 55-inch transparent display products, for which we applied hazardous substance reduction technology, became the first in the industry to receive the SGS Eco Label accreditation.

Moreover, in 2022, our 27-inch monitor display product that applied anti-bacterial films received the SGS Performance Mark accreditation for its anti-bacterial performance, and in 2023, our commercial display module that applied Plus-Bright energy consumption reduction technology obtained the SGS Performance Mark accreditation for its energy efficiency performance. Our high-end LCD panels for 16-inch notebooks and 27-inch monitors also received the same accreditation for reducing energy consumption through the implementation of proprietary algorithms and improving panel transmittance. In 2025, we enhanced and replaced PFAS-containing components in our 14-inch LCD panels for notebook computers, and as a result, obtained the SGS ECCS Mark – PFAS Screened accreditation.

Also in 2022, upon assessment and verification of GHG emissions throughout its entire product life cycle, our OLED TV panel received the industry’s first Carbon Footprint Certification from The Carbon Trust, a not-for-profit company founded by the United Kingdom government that provides voluntary carbon certification services and carbon labeling schemes. In 2023, our high-end IT LCD panels (27-inch and smaller) received the Product Carbon Footprint (PCF) certification from TÜV Rheinland, a global independent testing, inspection and certification agency, by achieving carbon emission reduction through the application of recycled materials and low energy consumption technologies. Our OLED panels for automotive products also received the same certification for achieving carbon emission through the application of light-control film integration technology. In 2024, our 14-inch high-end LCD panel product for notebook computers received the Product Carbon Footprint Reduction (PCR) certification from TÜV Rheinland through the application of bio-plastic, recycled materials and ultra-precision micro-processing technology. Additionally, upon verification by Underwriters Laboratories (UL), a global inspection and certification agency, such display panel also received the Environmental Claim Validation (ECV) certification. In 2025, we obtained the “Product Carbon Footprint Methodology” certification from TÜV Rheinland reflecting our establishment of a system to calculate carbon emissions generated throughout the entire product life cycle based on international standards and our proprietary evaluation methodology optimized for display panels, as well as an IT system for evaluating product carbon footprints. .

In 2021, we received the “Green Technology Certification” for our advanced incell touch display technology, an eco-friendly technology with touch-sensing electrodes and transmission lines that reduce carbon emissions and the use of rare metals. Also, since 2021, we have continued to obtain an eco-friendly certification from TUV SUD, a globally recognized accreditation agency, for excellence in resource circulation and non-use of specific hazardous substances in our display panels for OLED televisions, OLED tablets, and PO mobile models and smartwatches.

In 2018, we became the first display panel company to receive the “Green Technology Certification” from the Korean Ministry of Science and ICT for improving the light efficiency technology of OLED to promote energy use reduction. In 2017, for the

IPS Nano Color for LCD, we received the Quality & Performance Mark from Intertek, a global product testing/accreditation agency, by applying a technology to eliminate cadmium (Cd) and indium phosphide (InP).

#### C. Safety standards

Our products comply with the IEC 62638-1 global product safety standards, and we obtain CB and UL certifications on applicable products.

In order to promote the enhancement of safety for automobile manufacturers and consumers, we became the first display panel company in June 2016 to introduce a flame-resistant certification program for our display panels, which program includes flame resistance standards for automotive materials (including ISO 3795, DIN 75200 and FMVSS 302 standards) as well as for safety standards for information technology devices, which has been certified by TUV SUD. In 2022, we expanded the number of applicable flame resistance standards for such program from three to nine.

Furthermore, in 2021, we established infrastructure for flammability tests required under the United States Federal Aviation Administration's FAR 25.853 standards and impact tests under RTCA DO-313 standards, and the reliability of these test results have been certified by TUV SUD.

#### D. Green management

This information is omitted in quarterly reports in accordance with Korean disclosure rules, and we plan to include such information in our semi-annual and annual reports.

#### E. Status of sanctions

This information is omitted in quarterly reports in accordance with Korean disclosure rules, and we plan to include such information in our semi-annual and annual reports.

## 12. Financial Information

#### A. Financial highlights (Based on consolidated K-IFRS).

(Unit: In millions of Won)

Description	As of September 30, 2025	As of December 31, 2024	As of December 31, 2023
Current assets	8,441,986	10,123,037	9,503,186
Quick assets	5,355,573	7,451,795	6,975,458
Inventories	3,086,413	2,671,242	2,527,728

Retained earnings	(1,135,635)	(1,525,208)	1,641,363
Other equity	0	0	0
Total equity	4,185,371	3,795,798	5,681,555

(Unit: In millions of Won, except for per share data)

Description	For the nine months ended September 30, 2025	For the year ended December 31, 2024	For the year ended December 31, 2023
Revenue	17,596,601	25,178,688	19,811,015
Operating profit (loss)	(530,755)	(1,800,625)	(3,884,121)
Profit (loss) from continuing operations	351,645	(3,034,736)	(1,718,701)
Profit (loss) for the period	351,645	(3,034,736)	(1,718,701)
Basic earnings (loss) per share <sup>(1)</sup>	703	(6,440)	(4,512)
Diluted earnings (loss) per share <sup>(1)</sup>	703	(6,440)	(4,512)

(1) The number of outstanding common shares has increased due to our paid-in capital increase in the first quarter of 2024. The basic earnings (loss) per share and diluted earnings (loss) per share for the year ended December 31, 2023 have been adjusted in consideration of the bonus element in a rights issue to our existing shareholders during the first quarter of 2024.

C. Consolidated subsidiaries (as of September 30, 2025)

Company Interest	Primary Business	Location	Equity
LG Display America, Inc.	Sales	U.S.A.	100%
LG Display Germany GmbH	Sales	Germany	100%
LG Display Japan Co., Ltd.	Sales	Japan	100%
LG Display Taiwan Co., Ltd.	Sales	Taiwan	100%
LG Display Nanjing Co., Ltd.	Manufacturing	China	100%
LG Display Shanghai Co., Ltd.	Sales	China	100%
LG Display Shenzhen Co., Ltd.	Sales	China	100%
LG Display Singapore Pte. Ltd.	Sales	Singapore	100%
L&T Display Technology (Fujian) Limited	Manufacturing and sales	China	51%
LG Display Yantai Co., Ltd.	Manufacturing	China	100%
Nanumnuri Co., Ltd.	Workplace services	Korea	100%
Unified Innovative Technology, LLC	Managing intellectual property	U.S.A.	100%
LG Display Guangzhou Trading Co., Ltd.	Sales	China	100%
Global OLED Technology LLC	Managing intellectual property	U.S.A.	100%
LG Display Vietnam Haiphong Co., Ltd.	Manufacturing and sales	Vietnam	100%
Suzhou Lehui Display Co., Ltd.	Manufacturing and sales	China	100%
LG Display Fund I LLC <sup>(1)</sup>	Investing in new emerging companies	U.S.A	100%
LG Display High-Tech (China) Co., Ltd.	Manufacturing and sales	China	70%

(1) During the nine months ended September 30, 2025, we invested an additional ₩2,481 million in LG Display Fund I LLC.

D. Status of equity investments in associates (as of September 30, 2025)

Company	Carrying Amount (in millions)	Equity Interest
Paju Electric Glass Co., Ltd.	₩ 30,408	40%
Arctic Sentinel, Inc.	-	10%
Cynora GmbH	-	10%
Material Science Co., Ltd. <sup>(1)</sup>	₩ 3,530	11%

(1) During the reporting period, our equity interest in Material Science Co., Ltd. decreased from 14% to 11% due to the issuance of new shares by the investee.

Although our respective share interests in Arctic Sentinel, Inc., Cynora GmbH and Material Science Co., Ltd. are below 20%, we are able to exercise significant influence through our right to appoint a director to the board of directors of each investee. Accordingly, the investments in these investees have been accounted for using the equity method.

For the nine months ended September 30, 2025 and 2024, the aggregate amount of dividends we received from our affiliated companies was ₩1,664 million and ₩200 million, respectively.

### 13. Audit Information

#### A. Audit service

(Unit: In millions of Won, hours)

Description	2025 Q1~Q3	2024	2023
Auditor	Samil PwC	Samil PwC	KPMG Samjong
Activity	Audit by independent auditor	Audit by independent auditor	Audit by independent auditor
Compensation <sup>(1)</sup>	1,898 (602) <sup>(2)</sup>	1,800 (650) <sup>(2)</sup>	1,640 (590) <sup>(2)</sup>
Time required <sup>(3)</sup>	10,570	23,088	22,107

(1) Compensation amount is the contracted amount for the full fiscal year.

(2) Compensation amount in ( ) is for Form 20-F filing and SOX 404 audit.

(3) Figures are based on actual performance as of the date of this report.

#### B. Non-audit service

Period	Date of contract	Description of service	Period of service	Compensation
2025	June 2025	Tax advice	June 2025 ~ December 2025	₩50 million
Q1~Q3	September 2025	Tax advice	October 2025 ~ March 2026	₩40 million
2024	February 2024	Tax advice	March 2024 ~ December 2024	₩50 million
	September 2024	Tax advice	September 2024 ~ March 2025	₩40 million
2023	—	—	—	—

\* Based on direct contracts on a separate basis.

### 14. Management's Discussion and Analysis of Financial Condition and Results of Operations

This information is omitted in quarterly and semi-annual reports in accordance with Korean disclosure rules, and we plan to include such information in our annual report.

### 15. Board of Directors

This information is omitted in quarterly reports in accordance with Korean disclosure rules, and we plan to include such information in our semi-annual and annual reports.

### 16. Information Regarding Shares

#### A. Total number of shares

(1) Total number of shares authorized to be issued (as of September 30, 2025): 1,000,000,000 shares.

(2) Total shares issued and outstanding (as of September 30, 2025): 500,000,000 shares.

#### B. Shareholder list

(1) Largest shareholder and related parties as of September 30, 2025:

Name	Relationship	Number of shares of common stock <sup>(1)</sup>	Equity interest
LG Electronics	Largest shareholder	183,593,206	36.72%
Cheoldong Jeong	Executive of an affiliated company <sup>(2)</sup>	22,460 <sup>(3)</sup>	0.00%

(1) The number of shares of common stock reflects the shareholding status of our shareholders as of the date of this report.

(2) The information on executive officers of our affiliated companies is based on the status of our registered executive officers.

(3) Cheoldong Jeong, our Representative Director, acquired our shares through open market purchases on the Korea Exchange.

- (2) Shares held by shareholders who are known to us that own 5% or more of our shares or our Employee Stock Ownership Association as of September 30, 2025:

Beneficial owner	Number of shares of common stock <sup>(1)</sup>	Equity interest
LG Electronics	183,593,206	36.72%
National Pension Service	30,605,072	6.12%
Employee Stock Ownership Association	12,315,875	2.46%

- (1) The number of shares of common stock is based on the most recent shareholder register as of September 30, 2025, and may differ from the actual shareholding status.

## 17. Directors and Employees

### A. Directors

- (1) List of members of board of directors

Name	Position	Shares of the Company held	First appointed	Term expires
Cheoldong Jeong	Representative Director (non-outside), Chief Executive Officer and President	—	December 1, 2023	March 22, 2027
Sung Hyun Kim	Director (non-outside), Chief Financial Officer and Vice President	—	December 1, 2018	March 20, 2028
Sangwoo Lee	Non-standing Director and Member of Outside Director Nomination Committee	—	March 20, 2025	March 20, 2028
Doocheol Moon	Outside Director and Member of Audit Committee, Outside Director Nomination Committee and ESG Committee	—	March 23, 2021	March 22, 2027
Chung Hae Kang	Outside Director and Member of Audit Committee, Related Party Transaction Committee and ESG Committee	—	March 23, 2022	March 20, 2028
Jungsuk Oh	Outside Director and Member of Audit Committee, Outside Director Nomination Committee, Related Party Transaction Committee and ESG Committee	—	April 26, 2022	March 21, 2026
Sang Hee Park	Outside Director and Member of Audit Committee, Related Party Transaction Committee and ESG Committee	—	March 21, 2023	March 21, 2026

- (2) Compensation of directors

This information is omitted in quarterly reports in accordance with Korean disclosure rules, and we plan to include such information in our semi-annual and annual reports.

### B. Employees

This information is omitted in quarterly reports in accordance with Korean disclosure rules, and we plan to include such information in our semi-annual and annual reports.

## 18. Other Matters

### A. Legal proceedings

We are a defendant in two separate civil lawsuits (comprising one damages claim in the United Kingdom filed by private plaintiffs and one damages claim in Israel filed by private plaintiffs) filed against us and certain other TFT-LCD panel manufacturers in connection with alleged anticompetitive behavior of the defendants. In each of these cases, the amount being sought has not been determined. The trial for the case in the United Kingdom has been completed and an appeal is currently in progress, while no trial has been scheduled for the case in Israel. While the expected outcome of each of these cases is unclear, we do not believe that any of these cases would have a material effect on our financial conditions.

B. Status of collateral pledged to related party

As of the end of the reporting period, we have not provided any collateral in connection with borrowings or debt guarantees arising from transactions with our major shareholders.

C. Material events subsequent to the reporting period

This information is omitted in quarterly reports in accordance with Korean disclosure rules, and we plan to include such information in our semi-annual and annual reports.

## **Report on Review of Condensed Consolidated Interim Financial Statements**

(English Translation of a Report Originally Issued in Korean)

To the Shareholders and Board of Directors of  
LG Display Co., Ltd.

### ***Reviewed Financial Statements***

We have reviewed the accompanying condensed consolidated interim financial statements of LG Display Co., Ltd. and its subsidiaries (collectively referred to as the “Group”). These condensed consolidated financial statements consist of the consolidated interim statement of financial position of the Group as at September 30, 2025, and the related consolidated interim statements of comprehensive income for the three-month and nine-month periods ended September 30, 2025 and 2024, and consolidated interim statements of changes in equity and cash flows for the nine-month periods ended September 30, 2025 and 2024, and material accounting policy information and other selected explanatory notes, expressed in Korean won.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Financial Reporting Standards as adopted by the Republic of Korea (Korean IFRS) 1034 *Interim Financial Reporting*, and for such internal control as management determines is necessary to enable the preparation of condensed consolidated interim financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

We conducted our review in accordance with quarterly or semi-annual review standards established by the Securities and Futures Commission of the Republic of Korea. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Korean Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### ***Conclusion***

Based on our review, nothing has come to our attention that causes us to believe the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with Korean IFRS 1034 *Interim Financial Reporting*.

***Other Matters***

We have audited the consolidated statement of financial position of the Group as at December 31, 2024, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the year then ended, not presented herein, in accordance with Korean Standards on Auditing. We expressed an unqualified opinion on those financial statements in our audit report dated March 4, 2025. The consolidated statement of financial position as at December 31, 2024, presented herein for comparative purposes, is consistent, in all material respects, with the above audited consolidated statement of financial position as at December 31, 2024.

Review standards and their application in practice vary among countries. The procedures and practices used in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries.

November 13, 2025  
Seoul, Korea

<p>This report is effective as of November 13, 2025, the review report date. Certain subsequent events or circumstances, which may occur between the review report date and the time of reading this report, could have a material impact on the accompanying condensed consolidated interim financial statements and notes thereto. Accordingly, the readers of the review report should understand that there is a possibility that the above review report may have to be revised to reflect the impact of such subsequent events or circumstances, if any.</p>

Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

1. Reporting Entity

(a) Description of the Parent Company

LG Display Co., Ltd. (the "Parent Company") was incorporated in February 1985 and the Parent Company has been a public corporation listed on the Korea Exchange since 2004. The main business of the Parent Company and its subsidiaries (the "Group") is to manufacture and sell displays and related products. As of September 30, 2025, the Group operates Thin Film Transistor Liquid Crystal Display ("TFT-LCD") and Organic Light Emitting Diode ("OLED") panel manufacturing plants in Gumi, Paju and China and TFT-LCD and OLED module manufacturing plants in Gumi, Paju, China and Vietnam. The Parent Company is domiciled in the Republic of Korea with its address at 128 Yeoui-daero, Yeongdeungpo-gu, Seoul. As of September 30, 2025, LG Electronics Inc., a major shareholder of the Parent Company, owns 36.72% (183,593,206 shares) of the Parent Company's common stock.

As of September 30, 2025, 500,000,000 shares of the Parent Company's common stock are listed on the Korea Exchange under the identifying code 034220, and 32,055,076 American Depositary Shares ("ADSs"; 2 ADSs represent one share of common stock) are listed on the New York Stock Exchange under the symbol "LPL".

Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

2. Basis of Preparation

(a) Application of accounting standards

The Group's condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standard as adopted by the Republic of Korea (Korean IFRS) 1034 *Interim Financial Reporting*. These condensed consolidated interim financial statements do not include all of the information required for full annual consolidated financial statements and should be read in conjunction with the consolidated financial statements of the Group as of and for the year ended December 31, 2024.

(b) Basis of Measurement

The condensed consolidated interim financial statements have been prepared on the historical cost basis except for the following material items in the consolidated statement of financial position:

- derivative financial instruments at fair value, financial assets at fair value through profit or loss ("FVTPL"), financial assets at fair value through other comprehensive income ("FVOCI"), financial liabilities at fair value through profit or loss ("FVTPL"), and
- net defined benefit liabilities (defined benefit assets) recognized at the present value of defined benefit obligations less the fair value of plan assets

(c) Functional and Presentation Currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which each entity operates (the "functional currency"). The condensed consolidated interim financial statements are presented in Korean won, which is the Parent Company's functional and presentation currency.

(d) Estimates and Judgments

The preparation of the condensed consolidated interim financial statements in conformity with Korean IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from these estimates at the end of the interim reporting period which are based on management's best estimate, as the underlying assumptions may vary from actual outcomes.

(e) Accounting standards and Interpretation issued and adopted by the Group

The Group has applied the following standards and amendments for the first time for their annual reporting period commencing January 1, 2025.

(i) Amendments to Korean IFRS 1021 *Effect of Exchange Rate Fluctuations*, Amendments to Korean IFRS 1101 *First Adoption of International Generally Accepted Accounting Principles Adopted by Korea – Lack of Exchangeability*

The amendment requires the entity to disclose the relevant information when an entity estimates a spot exchange rate because exchangeability between two currencies is lacking. The amendments do not have a significant impact on the financial statements.

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

2. Basis of Preparation, Continued

(f) Accounting standards and Interpretation issued but not yet adopted by the Group

The following new accounting standards and interpretations have been published that are not mandatory for September 30, 2025 reporting periods and have not been early adopted by the Group.

(i) Amendments to Korean IFRS 1109 *Financial Instrument* and Korean IFRS 1107 *Financial Instruments: Disclosures*

Korean IFRS 1109 *Financial Instruments* and Korean IFRS 1107 *Financial Instruments: Disclosures* have been amended to respond to recent questions arising in practice, and to include new requirements. The amendments should be applied for annual periods beginning on or after January 1, 2026, and earlier application is permitted. The key amendments are as follows. The Group is currently reviewing the impact of these amendments on its financial statements.

- clarify the date of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system;
- clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest (SPPI) criterion;
- add new disclosures of impact on the entity and the extent to which the entity is exposed for each type of financial instruments if the timing or amount of contractual cash flow changes due to amendment of contract term;
- update the disclosures for equity instruments designated at fair value through other comprehensive income (FVOCI).

(ii) Annual Improvements to Korean IFRS - Volume 11

Annual Improvements to Korean IFRS - Volume 11 shall be effective for fiscal years beginning on or after January 1, 2026, and early application is effective. The amendments are not expected to have a significant impact on the financial statements.

- Korean IFRS 1101 *First-time Adoption of International Financial Reporting Standards: Hedge accounting by a first-time adopter*
- Korean IFRS 1107 *Financial Instruments: Disclosures: Gain or loss on derecognition and implementation guidance*
- Korean IFRS 1109 *Financial Instruments: Derecognition of lease liabilities and definition of transaction price*
- Korean IFRS 1110 *Consolidated Financial Statements: Determination of a 'de facto agent'*
- Korean IFRS 1007 *Statement of Cash Flows: Cost method*

(g) Income Tax Expense

The Group is within the scope of the Pillar Two model rules, and applied the exception to recognizing and disclosing information about deferred tax.

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

3. Accounting Policies

The accounting policies followed by the Group in the preparation of its condensed consolidated interim financial statements are the same as those followed by the Group in its preparation of the consolidated financial statements as of and for the year ended December 31, 2024, except for the application of Korean IFRS 1034 *Interim Financial Reporting*.

4. Cash and Cash Equivalents and Deposits in Banks

<b>Total</b>	₩	<b>2,843,313</b>	<b>(172,071)</b>	<b>2,671,242</b>

For the nine-month periods ended September 30, 2025 and 2024, the amount of inventories recognized as expenses and (reversal of) loss on valuation of inventory allowance are as follows:

(In millions of won)

		<b>2025</b>	<b>2024</b>
Cost of sales	₩	16,218,472	17,107,783
Inventories recognized as expense		16,273,318	17,088,471
(Reversal of) write-downs of inventories included in (deducted from) cost of sales		(54,846)	19,312

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

8. Investments in equity accounted investees

Details of investments in associates as of September 30, 2025 and December 31, 2024 are as follows:

(In millions of won)

Associates	Location	Closing	Business	September 30, 2025		December 31, 2024	
				Percentage of ownership	Carrying amount	Percentage of ownership	Carrying amount
Paju Electric Glass Co., Ltd.	Paju, South Korea	December	Production of glass for display	40%	₩ 30,408	40%	₩ 29,479
Arctic Sentinel, Inc.	Los Angeles, U.S.A.	March	Development and production of tablet for kids	10%	-	10%	-
Cynora GmbH	Bruchsal, Germany	December	Development of organic light emitting materials for displays and lighting devices	10%	-	10%	-
Material Science Co., Ltd. (*)	Hwaseong, South Korea	December	Development, production, and sales of materials for display	11%	3,530	14%	3,698
<b>Total</b>					₩ <u>33,938</u>	₩ <u>33,177</u>	

(\*) Due to the investee's issuance of new shares, the Parent Company's percentage of ownership decreased from 14% to 11%.

Although the Parent Company's respective share interests in Arctic Sentinel, Inc., Cynora GmbH and Material Science Co., Ltd. are below 20%, the Parent Company is able to exercise significant influence through its right to appoint one or more directors to the board of directors of each investee. Accordingly, the investments in these investees have been accounted for using the equity method.

Dividend income recognized from associates for the nine-month periods ended September 30, 2025 and 2024 amounted to ₩1,664 million and ₩200 million, respectively.

Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

15. Contingent Liabilities and Commitments

(a) Legal Proceedings

Anti-trust litigations

The Group and other LCD panel manufacturers have been sued by individual claimants on allegations of violating EU competition laws. The Group continues its vigorous defense of this pending proceeding. As of September 30, 2025, the Group cannot predict the final outcomes of the lawsuits that have been filed.

Others

The Group is involved in various lawsuits and disputes in addition to pending proceeding described above. The Group cannot reliably estimate the timing and amount of outflows of resources embodying economic benefits relating to the disputes.

(b) Commitments

Factoring and securitization of accounts receivable

The Parent Company has discount agreements with Korea Development Bank and other banks for accounts receivable related to export sales transactions with its subsidiaries, up to USD 1,000 million (₩1,402,200 million). As of September 30, 2025, the amount of discounted accounts receivable under these agreements that had not yet matured was nil. In relation to the above agreements, the financial institutions have the right of recourse for accounts receivable that are past due.

The Group has assignment agreements with Standard Chartered Bank and other banks for accounts receivable related to domestic and export sales transactions, up to ₩3,919,149 million. As of September 30, 2025, the amount of the sold accounts receivable in connection with these agreements that is outstanding is ₩1,537,395 million. In relation to the above agreements, the financial institutions do not have a right of recourse against accounts receivable that are past due.

Loan commitment

As of September 30, 2025, the Group has entered into agreements with Hana Bank and other banks for credit lines and opening of letter of credits up to ₩3,930,075 million.

Payment guarantees

The Group is provided with the payment guarantees for the borrowings amounting to USD 975 million (₩1,367,145 million) by the Export-Import Bank of Korea and others.

The Group has entered into agreements with Seoul Guarantee Insurance Co., Ltd., China Construction Bank Corporation and others to receive guarantees up to KRW 1,916 million, CNY 830 million (₩163,361 million), JPY 900 million (₩8,494 million), VND 75,287 million (₩3,998 million), and USD 0.2 million (₩254 million) for the performance guarantees, payment of consumption tax, import value-added tax, customs duties, and electricity charges.

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

**15. Contingent Liabilities and Commitments, Continued**

**License agreements**

As of September 30, 2025, the Group has a trademark license agreement with LG Corp. and pays the usage fee according to the terms of the Agreement.

**Collateral**

Details of collateral provided by the Group as of September 30, 2025 are as follows:

*(In millions of won, CNY)*

<b>Collateral</b>	<b>Carrying amount</b>	<b>Maximum secured amount of credit</b>	<b>Secured creditor</b>	<b>Collateral borrowings amount</b>
Property, plant and equipment and others (*)	221,140	780,000	Korea Development Bank and others	650,000
Property, plant and equipment and others	708,963	-	China Construction Bank Corporation and others	CNY 4,500

(\*) As of September 30, 2025, property, plant and equipment with a carrying amount of ₩59,584 million is included in the collateral provided in connection with the settled debt (maximum secured amount of credit: ₩326,400 million), and the release of collateral rights is in progress.

**Commitments for asset acquisition**

The amount committed to acquire property, plant, equipment and intangible assets not recognized on the financial statements as of September 30, 2025 is ₩662,778 million.

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

**16. Share Capital, Share Premium and Reserves**

**(a) Share capital and Share premium**

The total number of shares to be issued by the Parent Company is 1,000,000,000 shares, the number of shares issued is 500,000,000 shares (December 31, 2024 : 500,000,000 shares), and the par value per share is ₩5,000. There were no changes in the share capital of the parent company for the nine-month period ended September 30, 2025.

The Parent Company conducted a paid-in capital increase based on the resolution of the board of directors on December 18, 2023, and the newly issued shares were listed on the Korea Exchange (KRX) on March 26, 2024.

With the new shares of common stock, the capital stock increased by ₩710,921 million to ₩2,500,000 million in the three-month period ended March 31, 2024.

Capital surplus as of September 30, 2025 and December 31, 2024 are as follows:

*(In millions of won)*

		<b>September 30, 2025</b>	<b>December 31, 2024</b>

23. Earnings (Loss) Per Share

(a) Basic earnings (loss) per share for the three-month and nine-month periods ended September 30, 2025 and 2024 are as follows:

*(In won and number of shares)*

		For the three-month periods ended September 30		For the nine-month periods ended September 30	
		2025	2024	2025	2024
Profit (loss) for the period	₩	(20,657,364,913)	(355,159,361,649)	582,429,100,536	(1,644,843,015,057)
Weighted-average number of common shares outstanding		500,000,000	500,000,000	500,000,000	461,599,861
<b>Basic earnings (loss) per share</b>	₩	<b>(41)</b>	<b>(710)</b>	<b>1,165</b>	<b>(3,563)</b>

Due to paid-in capital increase for the three-month period ended March 31, 2024, the number of outstanding shares has increased.

(b) Diluted earnings (loss) per share is not different from basic earnings (loss) per share as there are no dilution effects of potential common stocks.

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

**24. Financial Risk Management**

The Group is exposed to credit risk, liquidity risk and market risk. The Group identifies and analyzes such risks, and controls are implemented under a risk management system to monitor and manage these risks at below an acceptable level.

**(a) Market risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices, will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

**(i) Currency risk**

The Group is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the functional currency. The currencies in which these transactions primarily are denominated are USD and JPY, etc.

The Group adopts policies to ensure that its net exposure is kept to a manageable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances. In respect of monetary assets and liabilities denominated in foreign currencies, the Group manages currency risk through continuously managing the position of foreign currencies, measuring the currency risk and, if necessary, using derivatives such as currency forwards, currency swap and others.

Cross currency interest rate swap contracts, USD 780 million (December 31, 2024: USD 500 million) and CNY 700 million (December 31, 2024: CNY 726 million) were entered into to manage currency risk with respect to foreign currency denominated borrowings and USD 960 million (December 31, 2024: USD 980 million) were entered into to manage currency risk and interest rate risk with respect to foreign currency denominated borrowings and bonds.

Forward exchange contracts, there is no balance which were entered into to manage currency risk with respect to advances received in foreign currency. (December 31, 2024: USD 750 million)

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

**24. Financial Risk Management, Continued**

A weaker won, as indicated below, against the following currencies which comprise the Group's assets or liabilities denominated in a foreign currency as of September 30, 2025 and December 31, 2024, would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Group considers to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, would remain constant. The changes in profit or loss before income tax would have been as follows:

*(In millions of won)*

		<b>September 30, 2025</b>	<b>December 31, 2024</b>
USD (5 percent weakening)	₩	77,089	(35,868)
JPY (5 percent weakening)		(5,374)	(6,645)

A stronger won against the above currencies as of September 30, 2025 and December 31, 2024 would have had the equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

24. Financial Risk Management, Continued

(ii) Interest rate risk

Interest rate risk arises principally from the Group's variable interest-bearing bonds and borrowings. The Group establishes and applies its policy to reduce uncertainty arising from fluctuations in interest rates and to minimize finance cost and manages interest rate risk by monitoring of trends of fluctuations in interest rate and establishing plan for countermeasures. Meanwhile, the Group entered into cross currency interest rate swap contracts amounting to USD 960 million (₩1,346,112 million) and interest rate swap contracts amounting to ₩ 2,305,000 million in notional amount to hedge interest rate risk with respect to variable interest bearing borrowings.

i) Profile

The interest rate profile of the Group's interest-bearing financial instruments as of September 30, 2025 and December 31, 2024 is as follows:

(In millions of won)

		September 30, 2025	December 31, 2024
<b>Fixed rate instruments</b>			
Financial assets	₩	1,549,599	2,023,710
Financial liabilities		(3,150,571)	(4,722,962)
<b>Total</b>	₩	(1,600,972)	(2,699,252)
<b>Variable rate instruments</b>			
Financial liabilities	₩	(10,333,393)	(9,827,152)

ii) Profit or loss before income tax sensitivity analysis for variable rate instruments

As of September 30, 2025 and December 31, 2024, a change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss before income tax by the amounts shown below for the respective following 12 month periods. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

(In millions of won)

		Profit or loss before income tax	
		1%p increase	1%p decrease
<b>September 30, 2025</b>			
Variable rate instruments	₩	(103,334)	103,334
<b>December 31, 2024</b>			
Variable rate instruments	₩	(98,272)	98,272

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

24. Financial Risk Management, Continued

(b) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers.

The Group's exposure to credit risk of trade and other receivables is influenced mainly by the individual characteristics of each customer. However, management believes that the default risk of the country in which each customer operates, does not have a significant influence on credit risk since the majority of the customers are global electronic appliance manufacturers operating in global markets.

The Group establishes credit limits for each customer and each new customer is analyzed quantitatively and qualitatively before determining whether to utilize third party guarantees, insurance or factoring as appropriate.

In relation to the impairment of financial assets subsequent to initial recognition, the Group recognizes the changes in expected credit loss ("ECL") in profit or loss at each reporting date.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk as of September 30, 2025 and December 31, 2024 are as follows:

(In millions of won)

		September 30, 2025	December 31, 2024
<b>Financial assets carried at amortized cost</b>			
Cash equivalents	₩	1,548,799	2,021,640

<b>Financial assets at fair value through other comprehensive profit or loss</b>			
Trade accounts and notes receivable, net	₩	539,847	1,123,869
<b>Financial assets effective for fair value hedging</b>			
Derivatives	₩	-	119,098
<b>Total</b>	₩	5,106,163	6,337,529

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

**24. Financial Risk Management, Continued**

Trade accounts and notes receivable are insured in order for the Group to manage credit risk if they do not meet the Group's internal credit ratings. Uninsured trade accounts and notes receivable are managed by continuous monitoring of internal credit rating standards established by the Group and seeking insurance coverage, if necessary.

**(c) Liquidity risk**

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or other financial assets. The Group's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

The Group has historically been able to satisfy its cash requirements from cash flows from operations and debt and equity financing. In addition, the Group maintains a line of credit with various banks.

The following are the contractual maturities of financial liabilities, including estimated interest payments, as of September 30, 2025 and December 31, 2024.

Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

**24. Financial Risk Management, Continued**

**(d) Capital management**

Management's policy is to maintain a capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Liabilities to equity ratio, net borrowings to equity ratio and other financial ratios are used by management to achieve an optimal capital structure. Management also monitors the return on capital as well as the level of dividends to ordinary shareholders. The Group is also responsible for complying with certain financial ratios as part of capital maintenance conditions imposed externally. To fulfill this responsibility, the Group regularly monitors these financial ratios and takes proactive measures when necessary.

*(In millions of won)*

	<b>September 30, 2025</b>	<b>December 31, 2024</b>
Total liabilities	₩ 20,798,027	24,786,759
Total equity	7,915,229	8,072,807
Cash and deposits in banks (*1)	1,549,599	2,022,240
Borrowings (including bonds)	13,483,964	14,550,114
Total liabilities to equity ratio	263%	307%
Net borrowings to equity ratio (*2)	151%	155%

(\*1) Cash and deposits in banks consist of cash and cash equivalents and current deposits in banks.

(\*2) Net borrowings to equity ratio is calculated by dividing total borrowings (including bonds and excluding lease liabilities and others) less cash and current deposits in banks by total equity.

**(e) Determination of fair value**

**(i) Measurement of fair value**

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

(\*1) Excluded from disclosures as the carrying amount approximates fair value.

(\*2) Excluded from the fair value disclosures in accordance with Korean IFRS 1107 'Financial Instruments: Disclosures'.

**LG DISPLAY CO., LTD. AND ITS SUBSIDIARIES**  
Notes to the Condensed Consolidated Interim Financial Statements  
September 30, 2025 and 2024 (Unaudited), and December 31, 2024

24. Financial Risk Management, Continued

(iii) Fair values of financial assets and liabilities

i) Fair value hierarchy

Financial instruments carried at fair value are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3: inputs for the asset or liability that are not based on observable market data

The Group measures fair value for financial reporting purposes, including fair value measurements, which are classified as "Level 3". The Group consults on the fair value assessment process and its results in accordance with the financial reporting schedule, and recognizes changes in the "level" at the end of the reporting period when there is a change in events or circumstances that cause a shift between fair value levels.

## **Report on Review of Condensed Interim Financial Statements**

(English Translation of a Report Originally Issued in Korean)

To the Shareholders and Board of Directors of  
LG Display Co., Ltd.

### ***Reviewed Financial Statements***

We have reviewed the accompanying condensed interim financial statements of LG Display Co., Ltd. (referred to as the “Company”). These condensed interim financial statements consist of the interim statement of financial position of the Company as at September 30, 2025, and the related interim statements of comprehensive income for the three-month and nine-month periods ended September 30, 2025 and 2024, and interim statements of changes in equity and cash flows for the nine-month periods ended September 30, 2025 and 2024, and material accounting policy information and other selected explanatory notes, expressed in Korean won.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Financial Reporting Standards as adopted by the Republic of Korea (Korean IFRS) 1034 *Interim Financial Reporting*, and for such internal control as management determines is necessary to enable the preparation of condensed interim financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

We conducted our review in accordance with quarterly or semi-annual review standards established by the Securities and Futures Commission of the Republic of Korea. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Korean Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### ***Conclusion***

Based on our review, nothing has come to our attention that causes us to believe the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with Korean IFRS 1034 *Interim Financial Reporting*.

***Other Matters***

We have audited the statement of financial position of the Company as at December 31, 2024, and the related statements of comprehensive income, changes in equity and cash flows for the year then ended, not presented herein, in accordance with Korean Standards on Auditing. We expressed an unqualified opinion on those financial statements in our audit report dated March 4, 2025. The statement of financial position as at December 31, 2024, presented herein for comparative purposes, is consistent, in all material respects, with the above audited statement of financial position as at December 31, 2024.

Review standards and their application in practice vary among countries. The procedures and practices used in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries.

November 13, 2025  
Seoul, Korea

This report is effective as of November 13, 2025, the review report date. Certain subsequent events or circumstances, which may occur between the review report date and the time of reading this report, could have a material impact on the accompanying condensed interim financial statements and notes thereto. Accordingly, the readers of the review report should understand that there is a possibility that the above review report may have to be revised to reflect the impact of such subsequent events or circumstances, if any.

LG DISPLAY CO., LTD.

## LG DISPLAY CO., LTD.

### Notes to the Condensed Separate Interim Financial Statements September 30, 2025 and 2024 (unaudited), and December 31, 2024

#### 1. Organization and Description of Business

LG Display Co., Ltd. (the "Company") was incorporated in February 1985 and the Company has been a public corporation listed on the Korea Exchange since 2004. The main business of the Company is to manufacture and sell displays and related products. As of September 30, 2025, the Company operates Thin Film Transistor Liquid Crystal Display ("TFT-LCD") and Organic Light Emitting Diode ("OLED") panel manufacturing plants in Gumi, Paju, and China and TFT-LCD and OLED module manufacturing plants in Gumi, Paju, China, and Vietnam. The Company is domiciled in the Republic of Korea with its address at 128 Yeoui-daero, Yeongdeungpo-gu, Seoul. As of September 30, 2025, LG Electronics Inc., a major shareholder of the Company, owns 36.72% (183,593,206 shares) of the Company's common stock.

As of September 30, 2025, 500,000,000 shares of the Company's common stock are listed on the Korea Exchange under the identifying code 034220, and 32,055,076 American Depositary Shares ("ADSs"; 2 ADSs represent one share of common stock) are listed on the New York Stock Exchange under the symbol "LPL".

#### 2. Basis of Preparation

##### (a) Application of accounting standards

The Company's condensed separate interim financial statements have been prepared in accordance with International Financial Reporting Standard as adopted by the Republic of Korea (Korean IFRS) 1034 *Interim Financial Reporting*. These condensed separate interim financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the separate financial statements of the Company as of and for the year ended December 31, 2024.

##### (b) Basis of Measurement

The condensed separate interim financial statements have been prepared on the historical cost basis except for the following material items in the separate statement of financial position:

- derivative financial instruments at fair value, financial assets at fair value through profit or loss ("FVTPL"), financial assets at fair value through other comprehensive income ("FVOCI"), financial liabilities at fair value through profit or loss ("FVTPL"), and
- net defined benefit liabilities (defined benefit assets) recognized at the present value of defined benefit obligations less the fair value of plan assets

## LG DISPLAY CO., LTD.

### Notes to the Condensed Separate Interim Financial Statements September 30, 2025 and 2024 (unaudited), and December 31, 2024

#### 2. Basis of Preparation, Continued

##### (c) Functional and Presentation Currency

Items included in the financial statements are measured using the currency of the primary economic environment in which each entity operates (the "functional currency"). The separate financial statements are presented in Korean won, which is the Company's functional currency.

##### (d) Estimates and Judgments

The preparation of the condensed separate interim financial statements in conformity with Korean IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from the estimates at the end of the interim reporting period which are based on management's best estimate, as the underlying assumptions may vary from actual outcomes.

##### (e) Accounting standards and Interpretation issued and adopted by the Company

The Company has applied the following standards and amendments for the first time for their annual reporting period commencing January 1, 2025.

- (i) Amendments to Korean IFRS 1021 *Effect of Exchange Rate Fluctuations*, Amendments to Korean IFRS 1101 *First Adoption of International Generally Accepted Accounting Principles Adopted by Korea - Lack of Exchangeability*

The amendment requires the entity to disclose the relevant information when an entity estimates a spot exchange rate because exchangeability between two currencies is lacking. The amendments do not have a significant impact on the financial statements.

##### (f) Accounting standards and Interpretation issued but not yet adopted by the Company

The following new accounting standards and interpretations have been published that are not mandatory for September 30, 2025 reporting periods and have not been early adopted by the Company.

- (i) Amendments to Korean IFRS 1109 *Financial Instruments* and Korean IFRS 1107 *Financial Instruments: Disclosure*

Korean IFRS 1109 *Financial Instruments* and Korean IFRS 1107 *Financial Instruments: Disclosures* have been amended to respond to recent questions arising in practice, and to include new requirements. The amendments should be applied for annual periods beginning on or after January 1, 2026, and earlier application is permitted. The key amendments are as follows. The Company is currently reviewing the impact of these amendments on its financial statements.

- clarify the date of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system;
- clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest (SPPI) criterion;
- add new disclosures of impact on the entity and the extent to which the entity is exposed for each type of financial instruments if the timing or amount of contractual cash flow changes due to amendment of contract term;
- update the disclosures for equity instruments designated at fair value through other comprehensive income (FVOCI).

**LG DISPLAY CO., LTD.**

Notes to the Condensed Separate Interim Financial Statements  
September 30, 2025 and 2024 (unaudited), and December 31, 2024

2. Basis of Preparation, Continued

(ii) Annual Improvements to Korean IFRS - Volume 11

Annual Improvements to Korean IFRS - Volume 11 shall be effective for fiscal years beginning on or after January 1, 2026, and early application is effective. The amendments are not expected to have a significant impact on the financial statements.

- Korean IFRS 1101 *First-time Adoption of International Financial Reporting Standards:*  
*Hedge accounting by a first-time adopter*
- Korean IFRS 1107 *Financial Instruments: Disclosures:*  
*Gain or loss on derecognition and implementation guidance*

## LG DISPLAY CO., LTD.

### Notes to the Condensed Separate Interim Financial Statements September 30, 2025 and 2024 (unaudited), and December 31, 2024

#### 8. Investments, Continued

- (\*1) For the year ended December 31, 2024, the contract was signed to sell 100% of its stake in LG Display Guangzhou Co., Ltd. and 51% of its stake in LG Display (China) Co., Ltd., and the transaction was completed on April 1, 2025.
- (\*2) For the nine-month period ended September 30, 2025, the Company contributed ₩2,481 million in cash for the capital increase of LG DISPLAY FUND I LLC. There was no change in the Company's percentage of ownership in LG DISPLAY FUND I LLC as a result of this additional investment. The Company recognized ₩2,690 million of impairment loss.
- (\*3) For the nine-month period ended September 30, 2025, the Company acquired an additional shares of LG Display High-Tech (China) Co., Ltd. worth ₩51,630 million. There was 1.2% increase in the Company's percentage of ownership in LG Display High-Tech (China) Co., Ltd. as a result of this additional acquisitions.
- (\*4) For the nine-month period ended September 30, 2025, the Company decreased by ₩2,800 million as a result of acquisition and disposal of Money Market Trust. There was no change in the Company's percentage of ownership in Money Market Trust with this regard.

(b) Details of investments in associates as of September 30, 2025 and December 31, 2024, are as follows:

(In millions of won)

Associates	Location	Business	September 30, 2025		December 31, 2024	
			Percentage of ownership	Carrying amount	Percentage of ownership	Carrying amount
Paju Electric Glass Co., Ltd.	Paju, South Korea	Production of glass for display	40%	₩ 39,608	40%	₩ 39,608
Arctic Sentinel, Inc.	Los Angeles, U.S.A.	Development and production of tablet for kids	10%	-	10%	-
Cynora GmbH	Bruchsal, Germany	Development of organic light emitting materials for displays and lighting devices	10%	-	10%	-
Material Science Co., Ltd.(*)	Hwaseong, South Korea	Development, production and sales of materials for display	11%	3,698	14%	3,698
<b>Total</b>				<b>₩ 43,306</b>		<b>₩ 43,306</b>

(\*) Due to the investee's issuance of new shares, the Company's percentage of ownership decreased from 14% to 11%.

Although the Company's respective share interests in Arctic Sentinel, Inc., Cynora GmbH and Material Science Co., Ltd. are below 20%, the Company is able to exercise significant influence through its right to appoint one or more directors to the board of directors of each investee. Accordingly, the investments in these investees have been classified as investments in associates.

Dividend income recognized from subsidiaries and associates for the nine-month periods ended September 30, 2025 and 2024 amounted to ₩95,053 million and ₩220,337 million, respectively.

### Notes to the Condensed Separate Interim Financial Statements September 30, 2025 and 2024 (unaudited), and December 31, 2024

#### 15. Contingent Liabilities and Commitments

##### (a) Legal Proceedings

###### Anti-trust litigations

The Company and other LCD panel manufacturers have been sued by individual claimants on allegations of violating EU competition laws. The Company continues its vigorous defense of this pending proceeding. As of September 30, 2025, the Company cannot predict the final outcomes of the lawsuits that have been filed.

###### Others

The Company is involved in various lawsuits and disputes in addition to the pending proceeding described above. The Company cannot reliably estimate the timing and amount of outflows of resources embodying economic benefits relating to the disputes.

##### (b) Commitments

###### Factoring and securitization of accounts receivable

The Company has discount agreements with Korea Development Bank and other banks for accounts receivable related to export sales transactions with its subsidiaries, up to USD 1,000 million (₩1,402,200 million). As of September 30, 2025, the amount of discounted accounts receivable under these agreements that had not yet matured was nil. In relation to the above agreements, the financial institutions have the right of recourse for accounts receivable that are past due.

The Company has assignment agreements with MUFG Bank and other banks for accounts receivable related to domestic and export sales transactions, up to ₩497,781 million. As of September 30, 2025, the amount of sold accounts receivable in connection with these agreements that is outstanding is ₩14,245 million. In relation to the above agreements, the financial institutions do not have a right of recourse against accounts receivable that are past due.

**LG DISPLAY CO., LTD.**

Notes to the Condensed Separate Interim Financial Statements  
September 30, 2025 and 2024 (unaudited), and December 31, 2024

15. Contingent Liabilities and Commitments, Continued

Loan commitment

As of September 30, 2025, the Company has entered into agreements with Hana Bank and other banks for credit lines and opening of letter of credits up to a limit of ₩2,603,740 million and with LG Display Singapore Pte. Ltd. for borrowing up to USD 1,200 million (₩1,682,640 million).

Payment guarantees

The Company provides payment guarantee to LG Display Vietnam Haiphong Co., Ltd. for the loan principal of USD 1,000 million (₩1,402,200 million).

The Company has received a payment guarantee of ₩1,916 million from Seoul Guarantee Insurance Co., Ltd. in relation to performance guarantees and others.

License agreements

As of September 30, 2025, the Company has a trademark license agreement with LG Corp. and pays the usage fee according to the terms of the Agreement.

**LG DISPLAY CO., LTD.**

Notes to the Condensed Separate Interim Financial Statements  
September 30, 2025 and 2024 (unaudited), and December 31, 2024

15. Contingent Liabilities and Commitments, Continued

Collateral

Details of the collateral provided by the Company as of September 30, 2025 are as follows:

(In millions of won)

<b>Collateral</b>	<b>Carrying amount(*)</b>	<b>Maximum secured amount of credit</b>	<b>Secured creditor</b>	<b>Collateral borrowings amount</b>
Property, plant and equipment and others	221,140	780,000	Korea Development Bank and others	650,000

(\*) As of September 30, 2025, property, plant and equipment with a carrying amount of ₩59,584 million is included in the collateral provided in connection with the settled debt (maximum secured amount of credit: ₩326,400 million), and the release of collateral rights is in progress.

Commitments for asset acquisition

The amount committed to acquire property, plant, equipment and intangible assets not recognized on the financial statements as of September 30, 2025 is ₩394,433 million.

16. Share Capital and Share Premium

The total number of shares to be issued by the Company is 1,000,000,000 shares, the number of shares issued is 500,000,000 shares (December 31, 2024 : 500,000,000 shares), and the par value per share is ₩5,000. There were no changes in the Company's share capital for the nine-month period ended September 30, 2025.

The Company's share premium consists of paid-in capital in excess of par value, and there were no changes in this paid-in capital for the nine-month period ended September 30, 2025.

The Company conducted a paid-in capital increase based on the resolution of the board of directors on December 18, 2023, and the newly issued shares were listed on the Korea Exchange (KRX) on March 26, 2024.

With the new shares of common stock, the capital stock increased by ₩710,921 million to ₩2,500,000 million, and capital surplus increased by ₩569,893 million to ₩2,821,006 million in the three-month period ended March 31, 2024.

**LG DISPLAY CO., LTD.**

September 30, 2025 and 2024 (unaudited), and December 31, 2024

22. Earnings (Loss) Per Share

(a) Basic earnings (loss) per share for the three-month and nine-month periods ended September 30, 2025 and 2024 are as follows:

*(In won and number of shares)*

		For the three-month periods ended September 30		For the nine-month periods ended September 30	
		2025	2024	2025	2024
Profit (loss) for the period	₩	(133,194,218,325)	(366,274,182,018)	351,645,322,038	(1,775,926,413,141)
Weighted-average number of common shares outstanding		500,000,000	500,000,000	500,000,000	461,599,861
<b>Basic earnings (loss) per share</b>	₩	<b>(266)</b>	<b>(733)</b>	<b>703</b>	<b>(3,847)</b>

Due to paid-in capital increase for the three-month periods ended March 31, 2024, the number of outstanding shares has increased.

(b) Diluted earnings (loss) per share is not different from basic earnings (loss) per share as there are no dilution effects of potential common stocks.

## LG DISPLAY CO., LTD.

### Notes to the Condensed Separate Interim Financial Statements September 30, 2025 and 2024 (unaudited), and December 31, 2024

#### 23. Financial Risk Management

The Company is exposed to credit risk, liquidity risk and market risk. The Company identifies and analyzes such risks, and controls are implemented under a risk management system to monitor and manage these risks at below an acceptable level.

##### (a) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

##### (i) Currency risk

The Company is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the functional currency of the Company, Korean won (KRW). The currencies in which these transactions primarily are denominated are USD, JPY, etc.

The Company adopts policies to ensure that its net exposure is kept to a manageable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances. In respect of monetary assets and liabilities denominated in foreign currencies, the Company manages currency risk through continuously managing the position of foreign currencies, measuring the currency risk and, if necessary, using derivatives such as currency forwards, currency swap and others.

Cross currency interest rate swap contracts, USD 780 million (December 31, 2024: USD 500 million) and CNY 700 million (December 31, 2024: CNY 726 million) were entered into to manage currency risk with respect to foreign currency denominated borrowings and USD 960 million (December 31, 2024: USD 980 million) were entered into to manage currency risk and interest rate risk with respect to foreign currency denominated borrowings and bonds.

Forward exchange contracts, there is no balance which were entered into to manage currency risk with respect to advances received in foreign currency. (December 31, 2024: USD 750 million)

A weaker won, as indicated below, against the following currencies which comprise the Company's assets or liabilities denominated in a foreign currency as of September 30, 2025 and December 31, 2024 would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Company considers to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, would remain constant. The changes in profit or loss before income tax would have been as follows:

*(In millions of won)*

		<b>September 30, 2025</b>		<b>December 31, 2024</b>
USD (5 percent weakening)	₩	(311,272)	₩	(349,435)
JPY (5 percent weakening)		(5,097)		(6,219)

A stronger won against the above currencies as of September 30, 2025 and December 31, 2024 would have had the equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

# LG DISPLAY CO., LTD.

## Notes to the Condensed Separate Interim Financial Statements September 30, 2025 and 2024 (unaudited), and December 31, 2024

### 23. Financial Risk Management, Continued

#### (ii) Interest rate risk

Interest rate risk arises principally from the Company's variable interest-bearing bonds and borrowings. The Company establishes and applies its policy to reduce uncertainty arising from fluctuations in interest rates and to minimize finance cost and manages interest rate risk by monitoring of trends of fluctuations in interest rate and establishing plan for countermeasures. Meanwhile, the Company entered into cross currency interest rate swap contracts amounting to USD 960 million (₩1,346,112 million) and interest rate swap contracts amounting to ₩2,305,000 million in notional amount to hedge interest rate risk with respect to variable interest bearing borrowings.

#### i) Profile

The interest rate profile of the Company's interest-bearing financial instruments as of September 30, 2025 and December 31, 2024 is as follows:

(In millions of won)

		September 30, 2025	December 31, 2024
<b>Fixed rate instruments</b>			
Financial assets	₩	97,169	238,477
Financial liabilities		(2,563,693)	(4,076,162)
<b>Total</b>	₩	<b>(2,466,524)</b>	<b>(3,837,685)</b>
<b>Variable rate instruments</b>			
Financial liabilities	₩	(6,333,554)	(6,066,044)

#### ii) Profit or loss before income tax sensitivity analysis for variable rate instruments

As of September 30, 2025 and December 31, 2024, a change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss before income tax by the amounts shown below for the respective following 12 month periods. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

(In millions of won)

		<b>Profit or loss before income tax</b>	
		<b>1%p increase</b>	<b>1%p decrease</b>
<b>September 30, 2025</b>			
Variable rate instruments	₩	(63,336)	63,336
<b>December 31, 2024</b>			
Variable rate instruments	₩	(60,660)	60,660

# LG DISPLAY CO., LTD.

## Notes to the Condensed Separate Interim Financial Statements September 30, 2025 and 2024 (unaudited), and December 31, 2024

### 23. Financial Risk Management, Continued

#### (b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's exposure to credit risk of trade and other receivables is influenced mainly by the individual characteristics of each customer. However, management believes that the default risk of the country in which each customer operates, does not have a significant influence on credit risk since the majority of the customers are global electronic appliance manufacturers operating in global markets.

The Company establishes credit limits for each customer and each new customer is analyzed quantitatively and qualitatively before determining whether to utilize third party guarantees, insurance or factoring as appropriate.

In relation to the impairment of financial assets subsequent to initial recognition, the Company recognizes the changes in expected credit loss ("ECL") in profit or loss at each reporting date.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk as of September 30, 2025 and December 31, 2024 are as follows:

(In millions of won)

		September 30, 2025	December 31, 2024
<b>Financial assets carried at amortized cost</b>			
Cash equivalents	₩	97,169	238,477
Deposits in banks		11	11
Trade accounts and notes receivable, net		4,246,545	4,964,594
Non-trade receivables, net		94,824	206,313
Accrued income, net		33,821	19,286
Deposits		10,924	8,964
Loans		14,138	37,143
<b>Subtotal</b>	₩	4,497,432	5,474,788
<b>Financial assets at fair value through profit or loss</b>			
Derivatives		86,955	256,251
<b>Financial assets effective for fair value hedging</b>			
Derivatives		-	119,098
<b>Total</b>	₩	4,584,387	5,850,137

### **Notes to the Condensed Separate Interim Financial Statements September 30, 2025 and 2024 (unaudited), and December 31, 2024**

#### **23. Financial Risk Management, Continued**

In addition to the financial assets above, as of September 30, 2025, the Company provides payment guarantees to LG Display Vietnam Haiphong, Co., Ltd. in connection with the principal amount of credit facilities amounting to USD 1,000 million (₩1,402,200 million) (see note 15).

Trade accounts and notes receivable are insured in order for the Company to manage credit risk if they do not meet the Company's internal credit ratings. Uninsured trade accounts and notes receivable are managed by continuous monitoring of internal credit rating standards established by the Company and seeking insurance coverage, if necessary.

#### **(c) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or other financial assets. The Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

The Company has historically been able to satisfy its cash requirements from cash flows from operations and debt and equity financing. In addition, the Company maintains a line of credit with various banks.

**LG DISPLAY CO., LTD.**

Notes to the Condensed Separate Interim Financial Statements  
September 30, 2025 and 2024 (unaudited), and December 31, 2024

23. Financial Risk Management, Continued

The following are the contractual maturities of financial liabilities, including estimated interest payments, as of September 30, 2025 and December 31, 2024.

(i) As of September 30, 2025

(In millions of won)

		Contractual cash flows in					
	Carrying amount	Total	6 months or less	6-12 months	1-2 years	2-5 years	More than 5 years
<b>Non-derivative financial liabilities</b>							
Borrowings	₩ 8,377,566	8,908,823	3,814,067	581,290	2,483,503	2,029,963	-

<b>Total</b>	₩ 24,066,030	26,765,046	19,822,059	1,754,245	2,249,829	2,851,697	87,216

(\*1) As of December 31, 2024, it includes ₩1,187,450 million of payable to credit card companies for utility expenses and others paid using business credit card for purchases. The Company presented the payable to credit card companies as trade account notes payables and other accounts payable and disclosed related cash flows as operating and investing activities since the Company is using the business credit card for purchases through agreements with suppliers for transactions arising from purchasing of goods and services, the payment term is within a year from the purchase, as part of the normal operating cycle, and no collateral is provided.

(\*2) Contractual cash flows of payment guarantee represents the maximum amount to the earliest period that the Company could be required to pay the guarantee amount.

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

# LG DISPLAY CO., LTD.

## Notes to the Condensed Separate Interim Financial Statements September 30, 2025 and 2024 (unaudited), and December 31, 2024

### 23. Financial Risk Management, Continued

#### (d) Capital management

Management's policy is to maintain a capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Liabilities to equity ratio, net borrowings to equity ratio and other financial ratios are used by management to achieve an optimal capital structure. Management also monitors the return on capital as well as the level of dividends to ordinary shareholders. The Company is also responsible for complying with certain financial ratios as part of capital maintenance conditions imposed externally. To fulfill this responsibility, the Company regularly monitors these financial ratios and takes proactive measures when necessary.

*(In millions of won)*

		September 30, 2025	December 31, 2024
Total liabilities	₩	22,328,347	26,003,253
Total equity		4,185,371	3,795,798
Cash and cash equivalents		97,169	238,477
Borrowings (including bonds)		8,897,247	10,142,206
Total liabilities to equity ratio		533%	685%
Net borrowings to equity ratio(*)		210%	261%

(\*) Net borrowings to equity ratio is calculated by dividing total borrowings (including bonds and excluding lease liabilities and others) less cash and cash equivalents by total equity.

#### (e) Determination of fair value

##### (i) Measurement of fair value

A number of the Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

**LG DISPLAY CO., LTD.**

Notes to the Condensed Separate Interim Financial Statements  
September 30, 2025 and 2024 (unaudited), and December 31, 2024

23. Financial Risk Management, Continued

(ii) Fair values versus carrying amounts

The fair values of financial assets and liabilities, together with the carrying amounts as of September 30, 2025 and December 31, 2024 are as follows:

(In millions of won)

	September 30, 2025		December 31, 2024	
	Carrying amounts	Fair values	Carrying amounts	Fair values

(\*1) Excluded from disclosures as the carrying amount approximates fair value.

(\*2) Excluded from the fair value disclosures in accordance with Korean IFRS 1107 'Financial Instruments: Disclosures'.

**LG DISPLAY CO., LTD.**

Notes to the Condensed Separate Interim Financial Statements  
September 30, 2025 and 2024 (unaudited), and December 31, 2024

23. Financial Risk Management, Continued

(iii) Fair values of financial assets and liabilities

i) Fair value hierarchy

Financial instruments carried at fair value are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3: inputs for the asset or liability that are not based on observable market data

The Company measures fair value for financial reporting purposes, including fair value measurements, which are classified as "Level 3". The Company consults on the fair value assessment process and its results in accordance with the financial reporting schedule, and recognizes changes in the "level" at the end of the reporting period when there is a change in events or circumstances that cause a shift between fair value levels.
